rajleenkaur4269@gmail.com

As Front-End Developer with 3 years of experience, I specialize in crafting responsive and user-friendly web applications using React.js. My expertise extends to HTML, CSS, and JavaScript, allowing me to build seamless and engaging user interfaces. I am dedicated to ensuring optimal performance and a smooth user experience, consistently delivering high-quality work. My strong problem-solving skills and collaborative approach enable me to work effectively within teams and meet project deadlines.

WORK EXPERIENCE

Web Developer

09/2024 to Present

Corpzo

Noida , India

- Built responsive websites using HTML, CSS, and Bootstrap, ensuring mobile-friendly design with media queries.
- Enhanced user experience with interactive features like form validation, animations, and AJAX using JavaScript and jQuery.
- Developed dynamic web applications with PHP and integrated MySQL for secure data storage and retrieval.
- Integrated front-end (HTML, CSS, JavaScript) with back-end (PHP, MySQL) technologies for seamless functionality.

Web Developer

12/2023 to 08/2024

The Lotus Biotech

Delhi , India

- Developed projects using React.js for dynamic front-end interfaces, Node.js for server-side logic, and MongoDB for efficient database management.
- Created responsive UIs employing HTML, CSS, and Bootstrap, incorporating media queries to ensure seamless adaptability across various devices and screen sizes.
- Conducted thorough testing of APIs and websites to validate functionality, performance, and cross-browser compatibility.
- Ensured website responsiveness with media queries.

Web Developer (Freelancing)

10/2022 to 11/2023

India

- Worked as a freelancer, developing various projects using HTML, React, JavaScript, CSS, Bootstrap, and Node.js.
- Created responsive and dynamic websites, integrated third-party APIs, and customized WordPress themes.
- Enhanced user interfaces with modern design principles and ensured cross-browser compatibility. Delivered high-quality, maintainable code and provided ongoing support to clients.
