- DBMS

PROJECTS

Expense-Tracker [↗](#) | [React.js](#), [Material ui](#) , [IDE - VS Code](#)

- I have developed a comprehensive Expense-Tracker application using React.js integration.
- Created a budget management website using React JS, providing users with a streamlined solution for tracking daily expenses.
- Implemented a one-tap system for effort-less expense monitoring, enhancing user convenience and accessibility.

Covid-19 Tracker [↗](#) | [React.js](#) , [API](#)

- I have developed a comprehensive website covid-19 Tracker using React.js and API integration
- Developed a React-JS-based COVID-19 tracker, implementing innovative visualizations for real-time pandemic data representation.
- Utilized React.js to craft a user-friendly interface for accessing upto-date COVID-19 information..

Portfolio Website [↗](#) | [React.js](#) , [Bootstrap](#)

- I have successfully developed a Portfolio Website utilizing React.js.
- Dynamic portfolio showcasing my creative journey, featuring projects and skills with a sleek design that captivates and inspires visitors

TECHNICAL SKILLS

Languages: C++, java script , SQL

Technologies/Frameworks: HTML, CSS, React.js, Bootstrap, Material ui

Developer Tools: VS Code

CERTIFICATIONS

- Microsoft Certificate: Azure Fundamentals - AZ-900
- Certificate of Appreciation - TCS
- SQL Certified - HackerRank

EXPERIENCE

Web Development Intern Oasis Infobyte April 2023 – May 2023

- In one month I developed, engineered and deployed three web applications using HTML, CSS, and JavaScript: a versatile calculator, an engaging tribute page, and an efficient to-do app, demonstrating proficiency in front-end development techniques.
- A versatile calculator, an engaging tribute page, and an efficient to-do app, demonstrating proficiency in front-end development techniques.

PERSONALITY TRAITS

- * Strategy building
- * Disciplined
- * Team work
- * Leadership quality
