www.abhishekkumar.online

- Experienced Frontend Developer having worked on large scale enterprise SaaS products.
- I primarily work with React and having some limited exposure to Angular.
- Skilled at creating UIs, developing SPAs, handling APIs & implementing all sorts of complex frontend logic.
- Experienced at working in Agile environment.

EMPLOYMENT

Frontend UI Developer, **Asite** *Since April 2022*

- Worked on SaaS products **Adoddle** (a document management platform) and **App-Builder** (a fully customizable drag & drop form building & sharing platform for enterprise).
- Created new functionalities and features as per business needs.
- Solved critical bugs and helped in optimization of code.

System Engineer, **Infosys** *Jan 2021 – March 2022*

- Designed and created user interfaces for internal tools of the company using React.
- Converted given wireframes into responsive web designs.
- Part of ECM team working on dynamic form development using SmartIQ tool for a major healthcare client.
