## CARRER OBJECTIVE

Seeking the role of an Intern where I can contribute towards the organizational goals through my analytical skills and knowledge acquired by pursuing a degree in Computer Science & Engineering.

## PROJECTS

- **Student Result Management System**

This project is all about how to manage students marks and progress and provide a specific place for students and teachers to share and view students progress.

In this project, I worked as a front-end-developer and in database.

- **Amazon Clone**

7-days Boot camp on Build Amazon Clone using JS and React.

- **ATM Interface**

An ATM interface using JAVA.

## EXPERIENCE

### YBI Foundation – Intern

08/2023 – 09/2023

- During this internship I learn lots of things about Python and how to manage data.

### IBM Skill Build – Intern

01/2023 – 02/2023

- During this internship I worked as Front-End-Developer
