WORK EXPERIENCE

SR. FRONTEND DEVELOPER

Mobikasa, Jan 2023 – Sept 2023

- Spearheaded multiple projects as a standalone frontend developer, excelling in React, AEM, Magento, and WordPress. Proficiently led AEM initiatives and significantly contributed to WordPress projects, enhancing user experiences and technical capabilities.
- Proactively embraced new technologies, maintained a continuous learning approach, and adaptability to drive innovative solutions across various tech stacks.
- Implemented dynamic content rendering by fetching and displaying data from the Headless CMS, ensuring that the React application remains up-to-date with the latest content changes.
- Utilized React Router for seamless navigation and optimized URL handling in single-page applications (SPAs).
- Worked with UX/UI design teams to improve existing applications and increase conversion.

WEB DEVELOPER

ThinkWP, Feb 2020 – Nov 2022

- Built responsive websites using semantic HTML5, JavaScript, ReactJS, and CSS compiled using webpack and build tool.
- Worked collaboratively with cross-functional teams using Git and GitHub, ensuring version control and streamlined collaboration.
- Design and establish user-friendly websites, including optimized check-out page, resulting in increase in user clicks and subsequently in customer purchases.
- Identified and corrected errors in CRM software to improve efficiency and ensure customer service success.
- Used CRM software like Zoho CRM, Salesforce and HubSpot to develop new marketing strategies.

WEB DEVELOPER

Flyhi Universal Solutions Pvt Ltd, Sept 2018 – Oct 2019

- Devised various custom responsive WordPress sites from design comps that included advanced WordPress features, such as Custom Post Types, Advanced Custom Fields, and WordPress Customize API.
- Diagnosed and troubleshoot different websites of the company's critical clients by deploying updated knowledge of the modern technologies and techniques in the industry.
- Employed code splitting and lazy loading techniques to optimize the loading time of web applications.
