## Experience

---

**Front-end Developer Trainee**

March 2023 - Present

FunctionUp, Bengaluru, India

- Undergoing rigorous training in front-end development, mastering HTML, CSS, JavaScript, and React JS, showcasing a commitment to continuous skill enhancement.
- Actively contributing to real-time web development projects, demonstrating adaptability and the ability to work in dynamic, fast-paced environments.
- Distinguished by a track record of effective leadership, fostering teamwork, and consistently delivering projects on schedule.

## Achievements

---

- **Gold Medalist in Badminton:** Demonstrated exceptional athletic prowess by winning a gold medal in badminton, highlighting dedication and perseverance.
- **Silver Medalist in Olympiad:** Achieved second place in a prestigious Olympiad exam, earning a silver medal, showcasing problem-solving and analytical skills.
- **Science Exhibition Leadership:** Led a dynamic team to secure first place in a science exhibition. Created an innovative water harvesting model, underscoring leadership, teamwork, and effective project management skills. This experience reinforced the importance of collaboration and strategic planning in achieving goals.

## Technical Skills:

- HTML, CSS, JavaScript, React-JS, Recoil, Redux-Toolkit
- VS Code, Git, Node.js (Basic), Express (Basic)

## Soft Skills

---

- **Time Management:** Proficient in efficient time allocation and prioritization to meet deadlines.
- **Leadership:** Led cross-functional teams to achieve project goals, fostering collaboration and innovation.
- **Problem-Solving:** Solved challenging problems by analyzing data and collaborating with diverse teams, resulting in innovative solutions.
- **Multi-Tasking:** Effectively managed diverse tasks concurrently, optimizing productivity in high-pressure situations.
- **Collaboration:** Promoted a culture of collaboration, fostering synergy within cross-functional teams.
- **Emotional Intelligence:** Demonstrated emotional intelligence through empathetic communication and conflict resolution, creating a positive work environment.

## Projects

---

**Twitter-Clone:** Tech Stack: React-JS, HTML, CSS, JavaScript, MaterialUI, Recoil, react-router

- Developed a Twitter clone allowing users to register, log in, post tweets, and interact with others' content.
- Implemented features for liking and disliking tweets, fostering real-time engagement, and enhancing the user experience.

GitHub: <https://github.com/pragati-sriv/function-up-tiwtter-clone>

Deployment: <https://legendary-crisp-0923a2.netlify.app/>

**Kanban-board:** Tech Stack: React.JS, HTML, CSS, JavaScript, Material-UI, react-router

- Designed and developed an intuitive Kanban board application.
- Users can effortlessly create, manage, and drag-and-drop tasks across multiple lists, streamlining task management and productivity.

GitHub: <https://github.com/pragati-sriv/Kanban-board>

Deployment: <https://kanban-board-lilac.vercel.app/>

**GYM-Website:** Tech Stack: React-JS, HTML, CSS, JavaScript, react-router

- Crafted a visually captivating and user-friendly Gym website featuring seamless user registration and login.
- The website enhances the overall user experience and encourages fitness enthusiasts to explore their fitness journey.

GitHub: <https://github.com/pragati-sriv/Gym-Website>

Deployment: <https://64a2be5aac33f70527fd48e8--benevolent-blancmange-768173.netlify.app/>

**Hotel Booking:** Tech Stack: React-JS, HTML, CSS, JavaScript, react-router

- Designed and implemented a hotel booking platform with features like hotel search, detailed listings, and a streamlined booking process.
- Conducted thorough code reviews, resolved bugs, and incorporated enhancements to deliver a top-notch, user-friendly application.
