INTERNSHIP

UXDLAB Software Pvt.Ltd.

Oct 2024 – Jan 2025

Frontend Intern

Noida, India

- Developed fully responsive and user-friendly web interfaces using React, HTML, and Tailwind CSS, contributing to multiple client-facing projects with a strong focus on a mobile-first responsive design approach.
- Implemented UI/UX improvements based on user behavior insights, resulting in reduced bounce rates and improved overall user engagement.
- Integrated RESTful APIs on the frontend using Axios and React hooks to enable dynamic content rendering and smooth user interactions.
- Utilized Redux Toolkit and Context API for efficient state management across components, ensuring consistent data flow and improving scalability.

Exposys Data Labs

Jun 2023 – Jul 2023

Web Developer Intern

Noida, India

- Built responsive web applications focusing on cross-browser compatibility and mobile responsiveness

PROJECTS

Shopping Cart | React, Redux Toolkit, HTML, Tailwind CSS, JavaScript

- The shopping application made using React.js, Redux and Tailwind CSS is a user-friendly and efficient web-based platform that offers an interactive and seamless online shopping experience.
- Utilized Redux for global state management to handle product listing, cart operations, and quantity updates efficiently.
- [Live site here](#)

Blog Context | React, Context API, Tailwind CSS, JavaScript

- Developed a responsive blog platform with React and Tailwind CSS featuring content categorization, tag navigation, and pagination to enhance user experience.
- Implemented global state management with Context API and designed a RESTful data fetching architecture to display blog posts, related content, and category-specific views.
- [Live site here](#)

TodoList | React, Redux Toolkit, HTML, Tailwind CSS, JavaScript

- Developed a responsive TodoList application using React, Redux Toolkit, and Tailwind CSS, enabling users to add, edit, copy, and delete tasks.
- Implemented global state management using Redux Toolkit and designed a clean, user-friendly UI with persistent task storage using localStorage.
- [Live site here](#)
