EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
Intg M.Tech (Biotech)	Jaypee Institute of Information Technology, Noida	7.6	2019-2024
Senior Secondary	R.K Modern Public School, Noida (CBSE)	7	2019

SUMMARY

As a dedicated and detail-oriented Front-End Developer, I bring a strong foundation in web development technologies, including HTML, CSS, and JavaScript, with a solid understanding of responsive design and user experience principles. My expertise in object-oriented programming (OOP) with Java, combined with hands-on experience using development environments like Visual Studio Code, enables me to write clean, efficient, and scalable code while adhering to industry best practices. I am committed to creating visually appealing and highly functional interfaces that enhance user engagement and satisfaction.

PROJECTS

- **Resonance Retreat: E-commerce Platform for Premium Audio Products**
  - Designed and implemented the interactive front-end for a commercial e-commerce website featuring headphones, earbuds, and speakers.
  - Designed a responsive interface with modern UI/UX principles for smooth user interaction across devices.
  - Integrated AI-driven assistance for personalized customer support, enhancing engagement and satisfaction.
  - Focused on modern design principles and usability to drive seamless user interaction and retention.

- **QuizWiz**
  - Developed a platform that allows users to create and take quizzes using JavaScript, HTML, and CSS.
  - Integrated functionality for immediate feedback on quiz scores and high/low score tracking using local storage..
  - Designed a user-friendly interface for quiz creation and taking, ensuring a seamless experience for both creators and participants.
  - Utilized best practices for responsive design to ensure accessibility on various devices.

TECHNICAL SKILLS

Programming: Java, JavaScript, ReactJS
Tools: Git, GitHub, Visual Studio Code
Web Skills: HTML, CSS

CERTIFICATIONS

- Tools for Data Science
- Data Science Methodology
- Rio+25: UN Water Action Decade India Program

PROFESSIONAL EXPERIENCE

- **Web Developer Intern** (CodSoft)   Oct'2024-Nov'2024
  - Developed a full-stack platform with features like job listings, user dashboards, and secure authentication.
  - Created a quiz platform with multiple-choice questions and instant feedback functionality.
  - Utilized front-end technologies (HTML, CSS, JavaScript) to build responsive, user-friendly interfaces.
  - Implemented back-end logic for API management and database integration.
  - Demonstrated problem-solving skills and efficient debugging across the full development stack.

- **Data Analytics** (MedTourEasy)   Sept'24-Oct'24
  - Collaborated with the Data Analytics team to support data-driven decision-making processes.
  - Conducted data analysis using tools like Excel and SQL to extract insights and trends, contributing to project success.
  - Engaged in team meetings to discuss project updates, share ideas, and strategise next steps, demonstrating strong communication and teamwork skills.
