EDUCATION

Bundelkhand Institute of Engineering & Technology

Bachelor of Technology in Computer Science & Engineering, SGPA:- 7.91

Bhagat Public School

CBSE Class XII - 76.6%

Little Flower School

ICSE Class X - 91%

Jhansi, UP

Nov 2020 – present

Kota, Rajasthan

2019

Gorakhpur, UP

2017

TECHNICAL SKILLS

- **Languages** : C/C++ , JavaScript, Java , SQL, Python(Basic), HTML, CSS
- **Technologies and Frameworks** : React, Redux , Node.js, Express.js , Bootstrap, Restful APIs
- **Databases** : MongoDB, MySQL
- **Coursework** : Data Structures and Algorithms, Object Oriented Programming, Operating System, Database Management System, Computer Networking
- **Tools and Others** : VS Code, Sublime, Git, Github, Postman

CODING PLATFORMS

- **Leetcode** : max. Rating **1907** (Knight Badge)
- **Codechef** : max. Rating **1743** (3 star)
- **Codeforces** : max. Rating **1250** (Pupil)

WORK EXPERIENCE

Web Development Intern

Aug 2023- Sep 2023

Oasis Infobyte — Completion Certificate

Remote

- Actively contributed to 3 Web development projects during internship at Oasis Infobyte, utilizing my proficiency in the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Collaborated within a team environment to design and implement responsive and user-friendly websites, enhancing technical skills and understanding of project lifecycles in the process.

PROJECTS

E-Commerce App

JAN-MAR, 2024

- Developed a comprehensive e-commerce web application using the MERN stack, integrating secure JWT authentication and bcrypt encryption for user login and signup processes.
- Dual registration options: regular user or admin, with distinct privileges.
- User-focused features: homepage with product listings, filtering, and search functionality.
- Dynamic navbar for personalized options: profile management, order tracking, and secure transactions.
- Admin dashboard: category/product management, order tracking, and efficient user management.

Expense Management App

MERN Stack

- Developed "Expense-Management-App" with **React.js**, **NodeJS**, **ExpressJS**, and **MongoDB**.
- Implemented email/password login, transaction management, analytics, categorization, and sorting options, showcasing full-stack web development skills.

ACHIEVEMENTS

- Qualified in GATE CS 2024 
- Ranked **2334** globally in **Google Kickstart Round H** 
- Ranked **2544** out of **137117** participants in **CodeKaze 2023** 
- Ranked **108** out of **11511** participants in **May Long Challenge 2022** 
- Ranked **2032** out of **22282** participants in **Leetcode biweekly Contest 121** 
- Successfully submitted 5 pull request in **Hacktoberfest 2022** and contributed in **Open Source** Projects
- Active participant in **CoSSCo**, the Computer Science Student's Council fostering collaboration within the Computer Science and Engineering community.
- Solved more than **850** problems of **Competitive Programming** 
- Solved more than 950 **Data Structures and Algorithms** problems on platforms including **GFG** and **Leetcode**.

HOBBIES

- Competitive Programming
- Listening Songs
- Watching Movies and Web Series
