EXPERIENCE

•SDE Intern at CodSoft

20/7/2023 - 20/8/2023

- Developed and optimized front-end interfaces and functionalities for websites, achieving increase of 10 percent in user engagement through enhanced speed, accessibility, and overall performance.
- Implemented robust web features across both front-end and back-end systems using HTML, CSS, JavaScript alongside Node.js; contributed to a project that resulted in reducing page error rates down to 17 percent .
- Gained practical experience in version control using Git and GitHub, facilitating efficient teamwork and code management.
- Gathered a deeper understanding of responsive and mobile first design principles, enhancing the usability of web interfaces.

PERSONAL PROJECTS

•BACKROADS APP

17/12/2023

A personalized travel companion app made to inspire users to explore new destinations

- Delivered a fully functional prototype that received positive feedback for its user-friendly interface and smooth navigation, helping users easily plan and organize their trips.
- Collaborated interactive components in REACT that update content based on user preferences and interactions, providing a smooth, seamless browsing experience.
- Applied TAILWIND CSS to build a mobile-first, responsive design that offers an optimal experience across different devices and screen sizes.

•ONLINE WEATHER APP

21/6/2022

App fetches real-time weather data offering users to view current conditions and forecasts based on their location.

- Created an efficient, user-friendly weather app that is both functional and visually engaging. The app improved user interaction with adaptive features like real-time updates and location-based forecasting.
- Ensured the app worked well on both mobile and desktop by implementing a responsive design with CSS to adjust content based on screen size.
- Designed intuitive icons and color schemes for various weather conditions (e.g., sunny, rainy, cloudy) to provide a visually appealing and informative interface enhancing the User Interface.

NIKE LANDING PAGE

21/6/2022

Prepared to showcase products in a modern, sleek way, encouraging users to engage with the brand and explore

- Developed a Nike product page featuring customizable product listings, detailed product descriptions, and a Shop Now feature to drive e-commerce traffic.
- Focused on clean, intuitive UI design with a strong emphasis on conversion and user engagement.

TECHNICAL SKILLS AND INTERESTS

Languages: C, Javascript, Tailwind, HTML, CSS

Skills: Responsive Web Designing, SEO, Databases, User Experience Design

Developer Tools: Git, Github, Vscod, Replit

Frameworks: Reactjs, Nodejs, Expressjs

Cloud/Databases: Firebase, MongoDB, SQL

Soft Skills: Clear and Collaborative Communication, Problem-solving, Project Management, Proactive Time Management

Areas of Interest: Sports, Gaming, Technology

CERTIFICATES

•Certificate of Completion in Web Development Course, Mycaptain

•Certificate of Training in Web Development, Internshala, inc.

EDUCATION

•Babu Banarsi Das Institute of Technology and Management, Lucknow

2020-2024

B..tech CSE

CGPA: 7.3

•Patanjali Rishikul

2020
