## Professional Experience

**RightMove Technologies**  
*Frontend Developer*

Dec 2021 – Apr 2024  
Noida

- Utilize React.js to create modular and reusable components, improving development efficiency and code maintainability.
- Implement and maintain RESTful APIs to facilitate data exchange between the frontend and backend systems.

**DigitalGlyde**  
*FrontEnd Developer Trainee*

Jul 2021 – Nov 2021  
kurukshetra

- Learn and apply responsive design techniques, ensuring optimal user experiences across various devices and screen sizes.
- Engage in hands-on coding, debugging, and troubleshooting exercises to build a strong foundation in frontend development practices.

## Projects

**IndustrialEdge: Leading the Way in Industrial Development** 🔗

Dec 2021 – Apr 2024

- Led the migration process from React to Next.js, ensuring a seamless transition while preserving the core functionality of the website.
- Leveraged Next.js features such as Server-Side Rendering (SSR) and Static Site Generation (SSG) to enhance page loading speed and user experience.

**Consultify: Empowering Industries with Expert Advice (BIZ Consultancy)** 🔗

Apr 2023 – Jan 2024

- Implemented real-time video and audio chat functionality using WebRTC, enabling users to connect and communicate seamlessly.

- Implemented TypeScript for strong typing and enhanced code maintainability.

### FranchiseConnect Hub: Gateway to Franchising Success

Jan 2023 – Jan 2023

- Proficiently worked with Next.js, Tailwind and related technologies to achieve project goals.
- Used state management libraries (e.g., Redux) and API integration for seamless data flow.

### IndusConnect CRM: Connecting Industries for Development Excellence

Mar 2022 – Apr 2024

Played a crucial role in developing a CRM system for our internal sales team, streamlining processes, enhancing data management, and improving overall efficiency.

### FashionFusion

Apr 2024 – present

- Utilize my expertise in React, Node.js, and MongoDB, I have developed a dynamic and responsive website.
- By integrating APIs, enabled features such as real-time updates, secure payment gateways, and personalized recommendations.
- Implemented Integration with Razorpay which facilitates secure and smooth payment transactions, ensuring a seamless checkout process for customers.

### Employee and Database Management

Jul 2021 – Sep 2021

- This project is ERP based project where main task is to manage the employee and their data using React JS and Firebase.

## Awards

---

### Shining Star

*Industrial Institute Of Development*

- Received a award from the company in recognition of significant contributions to the successful website migration project.
