- Database Management
- Data Structure
- Web Designing
- Java Programming
- Computer Architecture

Technical Skills

Languages: Java, HTML/CSS, JavaScript, SQL
Developer Tools: VS Code, Eclipse, Google Cloud Platform,MySql,Postman
Technologies/Frameworks: GitHub, React. js,Expressjs , Nodejs,Mongodb Firebase, Tailwind, Bootstrap,Redux, RestFulApis

Projects

Finance Tracker   **https://finance-app-roan.vercel.app/**
- Created Finance tracker website using React.js and Firebase.
- Implemented secure user authentication for data protection. Developed user-friendly transaction tracking system. Enhanced user experience with data visualization.
- **Learning**: React.js and Firebase

CryptoControl   **https://crypto-trackor-k72f.vercel.app/**
- Created CryptoTracker website using React.js and Material UI.
- CryptoTracker is a live cryptocurrency control application built using React JS. It allows users to compare different cryptocurrencies by providing valuable information such as price, market capitalization, total volume, and more. Users can search from the top 100 cryptocurrencies in real-time and add them to their watchlist.
- **Learning**: React.js and Material UI

E-Commerce Website   **https://ruchibhandarigithub.github.io/Shopping-Cart-Application/**
- Created a shopping website using HTML, CSS, and JavaScript.
- Utilized API calls to fetch and display products on the shop page, with the option to save products in local storage.
- Implemented features such as Sign Up and Login handling using Local Storage and allowing Multiple users with restricted access.
- **Learning**: HTML, CSS, JavaScript, and data fetching.

Leadership / Extracurricular

Fest Coordinator   **Feb. 2021**
Ram Lal Anand College   *University Of Delhi*
- Successfully organized and managed the Computer Science department's annual fest, overseeing diverse event planning and execution.
- Designed promotional materials, including posters, for enhanced fest visibility.
- Demonstrated strong organizational and leadership skills in a collaborative team environment.

Achievements

- Solved 500+ questions on various coding platforms.

Certifications

- Full Stack Development (Acciojob)
