---

## Summary

---

As a Frontend developer with over 1.6+ years of hands-on experience, I bring a deep understanding of ReactJS and its associated libraries, including Redux, Typescript, Next.js, and React Router. My expertise extends to designing, developing, and deploying web applications using React. I possess a strong command of front-end technologies, such as HTML, CSS, and JavaScript. My collaborative nature shines through in my ability to work seamlessly with cross-functional teams, enabling the successful implementation of agile methodologies to deliver projects punctually and within budget. My dedication to continuous learning ensures that I stay updated with the latest technologies and industry best practices.

## Experience

---

### Hmx Media | Pune, Maharashtra Web Developer | 10/2022 - 09/2023

- working on integrating 3D models into a web application. Conducting unit and integration testing to ensure the quality of software solutions.
- Managed and enhanced a React application, focusing on responsive design and cross-browser/device compatibility.
- Utilized Ftrack to efficiently track and manage task updates and bug reports, ensuring smooth project progress and issue resolution.

### Signimus Technology | Indore, Madhya Pradesh React Developer | 03/2022 - 09/2022

- Developed and maintained web applications using ReactJS, Next.js, HTML, CSS, JavaScript, TypeScript, and Redux. Proficient in user interface design.
- Proficient in debugging and troubleshooting user-reported issues and those identified through testing and monitoring. Skilled in optimizing rendering performance through techniques like code splitting, useMemo, lazy loading, debouncing, and throttling.
- Implemented features like product listing, search, and user product checkout using React hooks and context, alongside React routing.

## Education

---

### Guru Gobind Singh Indraprastha University | New Delhi, Delhi B.Voc (Software Development) | 07/2019

### Jawahar Navodaya Vidyalaya | New Delhi, Delhi Science | 06/2015

### Jawahar Navodaya Vidyalaya | New Delhi, Delhi Secondary Education | 06/2013

## Technical Skills

---

JavaScript/ES6, ReactJS, Redux, NextJS, Html/css, Typescript, Responsive Design and CSS Frameworks, GitHub, RESTful APIs and AJAX, UI/UX Design Principles

## Personal Projects

---

[Linkedin Clone](#) : Developed user authentication, thought posting, and responsive web solutions using React and Firebase. Ensured cross-browser and cross-device compatibility for a seamless user experience across diverse platforms.

[Vanilla Js Projects](#) : Provided links to various Vanilla JavaScript projects featuring responsive user interfaces. Demonstrated skills in traversing the DOM tree, accessing parent, child, and sibling elements.
