SUMMARY

Experienced Front-End Developer with over 2 years of hands-on experience in building responsive, scalable, and user-friendly web applications. Skilled in using React, TypeScript, and Material UI to create modern, maintainable code that delivers seamless and visually appealing user experiences. Strong focus on performance optimization and ensuring high-quality code. Proficient in collaborating, adapting quickly to new technologies, and contributing to innovative frontend solutions. After a brief career break due to personal reasons, I am now eager to re-enter the IT industry and continue contributing to impactful projects.

TECHNICAL SKILLS

Programming Languages: Javascript, TypeScript

FrameWorks & Libraries: ReactJs

Web Design: HTML5, CSS, tailwind, bootstrap, MUI

Others: Git, Github, Jira, Postman, linux

PROFESSIONAL EXPERIENCE

Software Engineer - Rajpriya Infosure Services (P) Ltd

Oct'22 - Jan'25 Delhi, IN

- **Development of Web Application:** Managed the development of a core web application, driving key business functionalities and contributing to overall project success.
- **UI Updates and Customization:** Worked closely with clients to customize user interfaces based on specific business requirements, ensuring UI enhancements aligned with client demands and improving the overall user experience
- **Cross-Browser Compatibility:** Ensured the web application functioned seamlessly across multiple browsers by implementing thorough testing and debugging, enhancing user accessibility and experience.
- **JSP to JavaScript Conversion:** Worked on converting legacy ActiveX components into JavaScript for enhanced cross-browser compatibility. This conversion involved refactoring complex business logic, improving scalability, and reducing reliance on outdated technologies.
- **Deployment and Testing:** Deployed the application to staging environments for thorough testing and validation, ensuring high-quality releases and reliable performance in production.

EDUCATION

- JIMS Engineering Management Technical Campus, GGSIP University (Bachelor's of Technology, CGPA: 6.45, Jan 2021)
- Intermediate from Greenway Modern, Dilshad Garden
- Matriculation from Greenway Modern, Dilshad Garden
