PROFILE

As a dedicated and enthusiastic MERN (MongoDB, ExpressJS, ReactJS, NodeJS) Stack Developer, I am seeking a challenging and dynamic entry-level position where I can apply my solid understanding of web development principles and leverage my skills to contribute to innovative projects. Eager to work in a collaborative environment that foster continuous learning and professional growth. I aim to bring fresh perspective and a proactive approach to create efficient and impactful web application.

WORK EXPERIENCE

MSAI   03/2023 - 05/2024
Full-Stack Developer (MERN)

- Developed re-usable components for future use.
- Optimized components for maximum performance across a vast array of web-capable devices and browsers.
- Developed and managed backend services/API using Node.JS and Express.JS.
- Integrated backend services with frontend and performed end to end testing.

SIPNOTECH (Internship)   09/2022 - 03/2023
MERN Stack Developer
