EXPERIENCE

Techsunset
Bangaluru - India || Oct 2021 - Sept 2024

- Oversaw developing user interfaces and APIs for CRM

ATS Services
Delhi NCR - India || Nov 2024 - Dec 2024

PROJECT

CRM

- Developed a custom CRM system to manage customer data, sales pipeline, and support tickets.
- Implemented user authentication and role-based access control.
- Built modules for lead management, contact tracking, and follow-up reminders.
- Integrated email notifications and third-party APIs.
- Designed intuitive dashboards for sales and support teams with real-time data.
- Used Node.js and MongoDB for backend, and React for the frontend.
