Projects

- **Student_Registration_System**

DEC 2022- FEB 2022

The Online Student Registration System is an web based portal developed in J2EE with Hibernate, Spring Boot and Basic AngularJS. It can be used by educational institutes or colleges to maintain the records of students easily. It also provides a less time consuming process for Viewing, Adding, Editing and Deleting the Students , Courses and marks of the students. Online Registration system will allow online submission of student application, Student Registration, modify student profile and Course Details.
