I am a tech enthusiast, quick learner who passionate about React.js ,Node.js and have solid foundation knowledge in C, C++, JavaScript. During my university studies, I have hands-on several programming projects in various industries such as medical and e-commerce. Moreover, I regularly attends virtual webinars and workshops to sharpen my coding acumen.

SKILLS

- C++
- JavaScript
- React.js

- Node.js
- Express.js
- Mongoose.js

- HTML
- CSS
- Bootstrap

- Material-UI
- MongoDB
- MySQL

EXPERIENCE

Softmind Infotech Pvt. Ltd   *Nov 2022 – Feb 2023*
React js Intern

- Identified web-based user interactions and developed highly responsive user interface with reusable functional components via React concepts.
- Worked with senior developers on complex projects and design and develop from scratch, also fetching data from APIs and providing advanced functionalities.

Online Medical Consultation Project
Node.js | Express.js | Mongoose.js | MongoDB |HandleBars.js |

- Created booking appointment feature for patients to consult with doctors and purchase online medical product, provided doctors info expertise, and various services on review blogs for users.
- Built the multiple functions for admin in a site such as updating/ checking users booking history and personal information, uploading the new product cart on a site, including, adjust the price& discount
