Summary

Software Engineer with 4+ years of experience in developing high-quality software solutions. Highly skilled in HTML5, CSS3, React JS, Next.js, Angular JS, and Bootstrap, version control Git, GitHub. Experienced with operating systems like Windows and Linux(Ubuntu). I also know about Node JS, Shopify Apps, WordPress, and the deployment servers.

Work Experience

Software Engineer, ENS Enterprises Pvt. Ltd.

January 2022 - Present

- Led and mentored development teams, conducted code reviews and ensured adherence to best practices.
- Interfaced with clients to fulfill project requirements.
- Developed and maintained applications in React, Next, and Angular.
- Managed version control for quality and reliability.

Web Developer, RPS Nidhi Limited

June 2021 - November 2021

- I single-handedly designed, developed, and deployed our company's website, utilizing GoDaddy Hosting for the server deployment.
- From crafting the initial concept to ensuring the final launch, every aspect of the website was meticulously handled, showcasing a blend of creativity and technical prowess.

Web Developer, Offclasses Pvt Ltd (Freelance)

June 2020 - October 2020

- I made our company's website all by myself, bringing our ideas to life on the internet.
- I paid close attention to every little detail, making sure everything looked great and worked perfectly.
- Once it was ready, I proudly put it online with the help of GoDaddy Hosting, where it's now being taken care of.

Projects

ONDC App

- Developed an intuitive admin dashboard using React.
- Integrated APIs for products, orders, and functionalities.
- Enhanced usability, performance, and user experience.

Loyalty Program

- Led team to create user-friendly interfaces using Angular.
- Enhanced admin and user dashboards and optimized the landing page.
- Improved navigation, data presentation, and functionality.

EvolveIAS

- Designed a seamless UI in Next JS for an IAS preparation platform.
- Created intuitive dashboards and user-friendly website.
- Ensured easy access to test resources and engaging user experience.
