- X

  Naval's National Academy, Kusmhi Bazar, Gorakhpur, Uttar Pradesh
  CBSE Board

  2015-2016

About Me

Secure a responsible career opportunity to expand my learnings, knowledge, and skills, while making a significant contribution to the success of the company.

Professional Experience

Freecharge Payment Technologies Private Limited | Backend Developer
Jan 2022– Present
Key responsibilities:

- Developed automated report generation system using Spring Batch, enabling daily transaction insights.
- Designed and implemented code to extract transaction data, process it, and generate reports in .csv format.
- Integrated email functionality to send the generated reports to key stakeholders, enhancing real-time visibility.
- Enhanced microservices API functionality to enable efficient data storage for various user categories, including loan, UPI, and paylater etc.
- Utilized Java and Spring Boot to seamlessly integrate data processing logic and storage mechanisms for each category.
- Collaborated with cross-functional teams to ensure smooth data flow, resulting in improved data organization and retrieval.
- Created and modified multiple micro-services to facilitate seamless user KYC processes.
- Took a lead role in designing, developing, and refining these micro-services to ensure compliance with KYC protocols and user requirements.
- Actively contributed to the team's daily deployment processes across multiple servers, ensuring seamless code releases and updates.

Alpha-AI | Full Stack Developer
June 2021 –July 2021
Key responsibilities:

- In this we have done visualization and real time video analytics on different detection models like- person tracking, vehicle tracking.

Project

Lost and Found App | Minor Project- 2
January 25th 2021 –May 31st 2021

- Making an Android application based on Lost and Found items.

Achievements

- Successfully accomplished online certification in Object Oriented Programming in Java from UNIVERSITY OF CALIFORNIA SAN DIEGO in April 2020 through Coursera.
- Got Letter of Recommendation (LOR) from Alpha AI Company.
