WORK EXPERIENCE

Jr. Web Developer

Wisedv Electronics India Pvt ltd 2022-2024

Collaborated in the development and enhancement of various projects including:

1. **Bozu Poll:**
- Played a pivotal role in the UI design and data binding, ensuring a seamless user experience and efficient data management.
- Leveraged expertise in frontend technologies to implement interactive features and enhance user engagement.

2. **SSO (Single Sign-On) Project:**
- Contributed to the implementation and optimization of the single sign-on solution, enhancing security and user convenience.
- Collaborated with the team to integrate authentication mechanisms and streamline the login process across multiple platforms.

3. **Bozu Product:**
- Contributed significantly to the development of both in-meeting private and public persistent chat functionalities.
- Ensured the robustness and scalability of the chat functionalities, addressing real-time communication requirements and user interaction needs.

4. **VideoMatrix Project:**
- Worked on both frontend and backend aspects of the project, contributing to its functionality and performance.
- Collaborated closely with the team to implement video streaming, playback features, and backend APIs, ensuring seamless integration and user experience.

5. **MediaSync Project:**
- Played a pivotal role in both frontend and backend development, ensuring synchronization of media across platforms.
- Implemented synchronization algorithms and data management strategies to ensure seamless media transfer and access.
