KEY SKILLS

- Node JS
- Express JS
- React JS
- JavaScript
- MongoDB
- MySQL
- Python (Basic)
- JAVA
- Machine Learning
- MUI
- HTML5
- Bootstrap
- CSS3
- AWS
- GitHub (Version Control)
- Cloud Computing
- REST API

SUMMARY

Expert software engineer skilled in Node.js, React.js, and MERN Stack development, excelling in both frontend and backend. Proven track record in crafting secure, responsive applications like Shopping App and Task Manager. Completed Microsoft Learn Machine Learning Challenge and AWS Course, showcasing commitment to continuous learning. Effective communicator and team player with a customer-focused approach, ensuring robust, user-friendly solutions.

PROJECTS

Employee Time Sheet :-

- Developed with MERN Stack, ensuring robust authentication for security.
- Features tabs for employees, managers, and login, with dynamic avatar display.
- Employees see tabs for logo, employee info, login, and avatar upon login.
- Managers see tabs for logo, employee management, login, and avatar upon login.
- Technology: MERN Stack | URL : [Employee Time Sheet](#)

Shopping App :-

- Spearheaded the development of a secure and authenticated Shopping App.
- Developed using MERN Stack, ensuring authentication on every page.
- Implemented responsive elements like Logo, Home, Search bar, and dynamic Avatar for an enhanced user experience.
- Utilized client-server communication to bolster the application's robustness.
- Technology: MERN Stack | URL : [Shopping App](#)

Flight Booking App :-

- Engineered a user-authenticated and authorized Flight Booking App using MERN Stack, interfacing with a database.
- Authenticated and authorized a Flight Booking App using MERN Stack.
- Ensured security protocols and seamless client-server communication.
- Featured responsive design with Logo, Home, Dashboard, Login/Registration, and dynamic Avatar.
- Technology: MERN Stack | URL: [Flight Booking App](#)

Web Resume App :-

- Developed a secure Web Resume App with MERN Stack, incorporating user authentication and database communication.
- Ensured secure client-server communication and featured responsive design with Logo, Home, About, Service, Portfolio, Contact, and dynamic Avatar.
- Technology: MERN Stack | URL: [Web Resume App](#)

Food Delivery App :-

- Crafted a secure Food Delivery App prioritizing authentication.
- Engineered using MERN Stack, ensuring authentication on every page for enhanced security.
- Implemented a responsive design with distinct tabs for customers (Logo, Home, Login/Register, Shopping, Avatar) and staff (Logo, Home, Staff, Login/Register, Track Address).
- Utilized MERN Stack technologies to ensure robust client-server communication.
- Technology: MERN Stack | URL: [Food Delivery App](#)

Notes App :-

- Developed a MERN Stack Notes App featuring a user-friendly interface with tabs for Logo, Home, Login, and Avatar functionalities, seamlessly adjusting based on user authentication status.
- Implemented CRUD operations, enabling users to Create, Read, Update, and Delete notes, ensuring a smooth and dynamic user experience.
- Utilized responsive design principles to ensure optimal display across various devices, showcasing proficiency in crafting dynamic and user-centric web applications.
- Technology: MERN Stack | URL: [Notes App](#)

Task Manager App :-

- Engineered a versatile Task Manager App with advanced functionalities.
- Demonstrated proficiency in utilizing local storage for efficient data management.
- Implemented features like Add, Delete, Update, Search, Save, Load, Load from server, Clear All, and Color changes.
- Technology: HTML, CSS, JS | URL: [Task Manager App](#)

EDUCATION

01/11/2022 - 30/05/2023

- Course in Brain mentor's
- Brain mentor's at online.

10/07/2020 - Pursuing

- B.Tech in CSE(AI & ML)
- R D Engineering College Ghaziabad, UP [AKTU]

2019 - 2020

- 12th in PCM
- Rashtriyana Inter college mandi dhanaura, Amroha.

CERTIFICATE

Salesforce Certification by Honeywell :-

- Obtained Salesforce certification through Honeywell, demonstrating expertise in CRM solutions.
- Successfully completed training and certification, showcasing proficiency in Salesforce platform
- Certificate Link

Virtual Internship Program :-

- Successfully finished a Virtual Internship Program, gaining practical experience in [specific field/industry].Successfully finished a Virtual Internship Program, gaining practical experience in [specific field/industry].
- Certificate Link

AWS Course Completion :-

- Demonstrated proficiency in AWS through successful course completion.
- Acquired AWS training and certification, showcasing expertise in cloud computing.
- Certificate Link

Python Certification :-

- Earned a Python certification from Coding Ninjas, showcasing programming expertise.
- Demonstrated proficiency in Python programming.
- Certificate Link

Weather App :-

- Developed a dynamic Weather App with real-time weather reports.
- Engineered using HTML, CSS, and JS, leveraging API technology.
- Ensured an optimal user experience across devices with a responsive design.
- Technology: HTML, CSS, JS | URL : [Weather App](#)

Music App :-

- Developed a Music App with HTML, CSS, and JS, featuring song search functionality and responsive design.
- Utilized API integration to fetch and display music data.
- Technology: HTML, CSS, JS | URL: [Music App](#)

Movie Ticket Booking App :-

- Developed a Movie Ticket Booking App with HTML, CSS, and JS, facilitating seat selection and price calculation.
- Ensured a responsive and user-friendly experience for seamless ticket booking.
- Technology: HTML, CSS, JS | URL : [Movie Ticket Booking App](#)

Search Image App :-

- Engineered a Search Image App using HTML, CSS, and JS, allowing users to search and display photos through API integration.
- Demonstrated proficiency in crafting responsive and dynamic web applications.
- Technology: HTML, CSS, JS | URL: [Search Image App](#)
