Education

Bharat Institute of Technology, Meerut

2021-2025

Bachelor of Technology (Information Technology)

Experience

Egreens Farm Pvt. Ltd. (Frontend Developer)

December 2024 - Present

HTML5, Tailwind, React, TypeScript

- Contributed to multiple live projects, including the official **Egreens website** and **Egreens Accounting Software**.
- Developed and maintained frontend features using **React**, **Tailwind CSS**, and **TypeScript**.
- Played a key role in building responsive and user-friendly interfaces for both web platforms.
- Gained hands-on experience working on real-world applications, enhancing my technical skills and understanding of frontend development in a collaborative environment.

Open Weaver

August 2023-September 2023

Web Developer Intern

- I have completed my virtual internship in Open Weaver in the web development domain it was a great internship that helped me to improve my skills.
- I contributed to the backend of the project which was a great experience for me.

Project

ERP Portal

January 2024 - Present

HTML5, CSS, React, Node, Express, Firebase, Visual Studio Code

- I created a platform for students and teachers to manage the academic and non-academic details of students and teachers.
- I used HTML5, CSS, and React for the frontend and Express and Node for the backend and stored the data in a used Firebase database.
- I implemented API using Express to connect the backend to the frontend.

Bulk Mail Sender

June 2023 – November 2023

Java, Swing, MySQL, SMTP, JDBC

- I created a desktop application using JAVA to send Bulk Mail using CSV files.
- The application processes the CSV file that the user inputs and sends mail to every Gmail that is available in the CSV file.
- Used JAVA Swing to implement the frontend of the application and MySQL to store the user information and used JDBC to get and store the data in the database.

Technical Skills

- Languages:** Java, JavaScript, HTML5, CSS, Tailwind CSS, React, OOPs, MongoDB,
- Developer Tools:** VS Code, Eclipse, Firebase, Git, GitHub

Training

Web Technology

April 2024 – May 2024

- I have done one-month training in Softpro India Computer Technologies (P) Ltd in web technology.
- In this training, I learned many technologies that are currently used in the industry which polished my knowledge and gave me the confidence to work on any project related to my skills.
