WORK EXPERIENCE

Frontend Developer | Nettechnocrats IT Services Pvt. Ltd | November 2023 - March 2025 | Noida, India

- Developed **responsive**, high-performance **web applications** using modern **frontend technologies**, improving page l**oad speed** and overall **performance by 30%**.
- Converted complex **UI/UX designs** into **scalable**, **maintainable**, and **pixel-perfect code**, ensuring **cross-browser compatibility** and **mobile-first responsive**.
- **Built modular**, reusable components leveraging advanced **state management** and styling techniques, reducing frontend **development time by 20%**.
- Optimized **application performance** through **code-splitting**, **lazy loading**, **image optimization**, and best **coding practices**, resulting in faster, **efficient**, and **user-friendly applications**.
- Collaborated effectively with **cross-functional teams**, managing **project timelines**, **task prioritization**, and ensuring seamless delivery of **high-quality products**.

Project Manager

- **Managed multiple frontend projects using Jira, Microsoft Project, Asana, and Trello**, ensuring **100% on-time delivery** and maintaining clear project timelines, milestones, and task tracking.
- **Handled client communications, requirement gathering, and technical documentation**, effectively translating business needs into **detailed project plans and actionable tasks** for the development team.
- **Led sprint planning, daily stand-ups, and project review meetings**, improving **team coordination and productivity by 25%** while ensuring project transparency and stakeholder satisfaction.

Web Developer | Wezen Education Pvt. Ltd. | April 2022 - November 2023 | Delhi, India

- Optimized web pages by enhancing structure, **styling,** and **interactivity**, resulting in improved page load speed, responsiveness, and overall user experience.
- Maintained and improved a dynamic **Point of Sale (POS) system**, applying strategic engineering practices to boost system **performance** and **reliability**.
- Developed, debugged, and deployed clean, **error-free code,** efficiently managing **hosting** and **deployment** processes to ensure seamless **application performance**.
- Designed and implemented a customer **resolution management** tool using modern **frontend frameworks** and **backend integration**, streamlining issue tracking, **resolution workflows**, and customer support **efficiency**.
- Collaborated closely with teams for **task management**, process optimization, and on-time project delivery.
