DEVELOPMENT**

• **ANDROID DEVELOPMENT
KOTLIN - INTERNSHALA**

• **ANDROID APP
DEVELOPMENT - UDEMY**

PROJECTS

MODERN NEWS | HTML,CSS,JS,API

2024 | 4 Days

- Developed a news aggregator using the News API to fetch and display the latest articles across categories like politics, technology, sports, and entertainment.
- Enhanced user experience by integrating a search feature, enabling users to find news articles based on keywords or topics of interest.
- Ensured seamless data retrieval from various news sources to provide users with up-to-date information in real-time.

GLAM-UP | HTML,CSS,JS,GSAP

2024 | 1 week

- Crafted and integrated innovative animations for menu items and navigation bars.
- Applied animation effects to images and video backgrounds, creating a visually dynamic and interactive website experience.
- Improved user retention by incorporating engaging animations that encouraged longer website visits and interactions.

FRESH ORDER | HTML,CSS,JS

2024 | 7 Days

- Developed a well-designed, user-friendly e-commerce website, improving customer experience and facilitating quick product discovery with intuitive navigation, clear categories, and filters.
- Implemented shareable product links and social media login options, enhancing user engagement and simplifying account creation processes.
- Integrated user-generated content features, driving community involvement and boosting credibility, contributing to increased website traffic and sales.

MODERN IT WEBSITE(USEABILITYHUB) | HTML,CSS,JS

2023 | 4 Days

- Facilitated client understanding of service offerings by creating clear and compelling content for client onboarding and engagement.
- Designed a professional IT website, significantly improving the brand's credibility and trustworthiness in the digital space.
- Enhanced multi-device accessibility, ensuring seamless user experience across desktops, tablets, and smartphones, expanding site reach to a broader professional audience.

KEY STRENGTHS

• **PROBLEM-SOLVING SKILLS** • **COMMUNICATION SKILLS**
• **ADAPTABILITY** • **TEAM COLLABORATIVE PLAYER**

EXTRACURRICULAR

2023 (Fest) | Technical Head

- Led the technical team for the event, overseeing the setup and maintenance of all technical infrastructure
- Managed a team of volunteers to troubleshoot and resolve any technical issues.
- Ensured compliance with safety protocols while managing technical installations, minimizing risk and ensuring a safe environment for participants.
