Frontend Developer, Kreate Technologies Private Limited

Nov 2022 - Present

- Worked with design, product, and back-end teams to create multiple web products.
 - Participated in product releases and code reviews with senior developers and team leads.
 - Write clean, maintainable, and testable code
 - Collaborated closely
-

PROJECTS

Bureau of Energy Efficiency — Govt of India

Implemented a user-centric website for the Bureau of Energy Efficiency using HTML, CSS, and JavaScript, incorporating interactive elements.

Developed a feature that displays a map of India showcasing the locations of EV charging stations. Users can select a specific state to view detailed locations of all EV charging stations within that region.

Maharashtra Electricity Regulatory Commission — MERC

Developed the frontend for the Maharashtra Electricity Regulatory Commission (MERC) website utilizing HTML, CSS, JavaScript, and WordPress. Responsibilities included creating user-friendly interfaces, implementing responsive design, integrating WordPress functionalities.

Urdu Academy Delhi — Urdu Academy Delhi

Developed the bilingual (Urdu & English) frontend for the Urdu Academy Delhi website using HTML, CSS, JavaScript, and WordPress.

Atal Jal — Ministry of Jal Shakti

Atal Jal aims for community-led sustainable groundwater management through convergence, institutional strengthening, and behavioral change in water-stressed states.

I developed the frontend of a government water supply approval system using HTML, CSS, and JavaScript, with a .NET backend. The project included a CMS with defined user roles for approvals at various government levels

Kreate Technologies – Inhouse Project

I developed a React-based website for Kreate Technologies, featuring multiple API calls to showcase the company's expertise in various technologies, including its past and ongoing work in the tech field.

TECHNICAL SKILLS

• HTML & CSS • JavaScript & jQuery • Bootstrap & Tailwind • React • Angular • PHP & WordPress

EDUCATION

GPG College, Ranikhet— Bachelor of Science

12th GIC Chaunaliya (Almora), Uttarakhand

June 2018 - Jan 2021

May 2016 - Mar 2018
