### About Me

I am a dedicated web developer, driven by a passion for creating engaging online experiences. With a solid foundation in React/React JS HTML5, CSS3, JavaScript/ES, and Bootstrap, I bring creativity and technical expertise to the table. As a fresher, I am enthusiastic about contributing my skills to dynamic projects and embracing new challenges.

My mission is to craft user-friendly websites and applications that leave a lasting impact. I am committed to continuous learning and growth in the ever-evolving field of web development.

### Work Experience

#### FRONTEND DEVELOPER

Technosters Technologies Pvt. Ltd. 09/2022-02/2023

##### 6 Month Internship

- Gained hands-on experience in React/React JS, HTML, CSS, JavaScript, and other front-end technologies.
- Implemented responsive design principles for mobile-friendly user experiences.

### Projects

#### AskItian | 11/2022 - 1/2023

- User-friendly interface with a professional design
- Responsiveness across various devices
- Interactive elements for enhanced student engagement
- Integration of educational videos
- Consistent styling using Bootstrap components

#### SuperXBoss | 04/2023- 10/2023

- An e-commerce platform allowing users to purchase goods for their Vehicles Parts.
- Led the design, development, and testing phases of the project.
- Interactive elements for enhanced student engagement
- Integration of educational videos
- Consistent styling using Bootstrap components

### Awards

#### First Prize, College Web Development Competition

- Excelled in a college-wide web development competition where I designed an award-winning e-commerce website.
- Focused on creating an intuitive and visually appealing user interface (UI).
