Experience

Front-End Developer

Pioneer the Future Pvt Ltd, Noida — Oct 2023 - Feb 2025

- Developed and maintained responsive web applications using HTML5, CSS3, JavaScript, and React.js.
- Implemented dynamic UI components using Material UI and integrated REST APIs using Fetch.
- Collaborated with designers to translate Figma wireframes into functional components.
- Ensured cross-browser compatibility and mobile responsiveness.
- Participated in code reviews and optimized performance for better user experience.

Internship

Locksish Digitech India Private Limited — March 2 - June 2023

- Assisted in designing and developing responsive user interfaces using HTML5, CSS3, and Bootstrap 5.
- Collaborated with senior developers to implement interactive features using JavaScript.

Projects

BlinkExam Candidate Panel UI

Features:

- Registration & Test-Taking: Candidates can register and attempt tests.
- Test Templates: Supports four types of test templates – GATE, IIT, Default, and Custom.
- Reports & Certificates: Candidates can view detailed test reports and download certificates.

Role: Front-End Developer & UI Designer

Technologies: HTML, CSS, Bootstrap, JavaScript, jQuery, Fetch API

- Developed and designed the candidate panel with a responsive and user-friendly UI.
- Implemented test-taking functionality, allowing candidates to attempt exams seamlessly.
- Integrated report comparison features for candidates to analyze performance.
- Designed and developed features for certificate downloads, package purchases, and notes downloads.
- Ensured a smooth experience by incorporating jQuery plugins for enhanced interactivity.
- Optimized the UI for parents' access, allowing them to view most features except reports.
- Focused on cross-browser compatibility and mobile responsiveness for a better user experience.

BlinkExam Admin Panel UI

Features:

- Test Management: Create and manage tests with different templates.
- Course & Batch Management: Create courses and organize students into batches.
- Dynamic Student Registration: Configure and manage student registrations dynamically.
- Certificate Management: Define different types of student certificates.

Role: Front-End Developer & UI Designer

Technologies: React JS v18.0, Material UI, Fetch API

- Developed and designed the candidate panel with a responsive and user-friendly UI.Developed the admin panel using React.js and Material UI, ensuring a modern and intuitive UI.
- Designed and implemented course creation, template selection, and batch management pages.
- Utilized Fetch API for dynamic student registration configuration.
- Implemented certificate management to support multiple certificate types for students.
