WORK EXPERIENCE

ANDROID DEVELOPER

Sai Infotech System Ltd

- I am working in Sai Infotech System Ltd as an Android Developer
- I am working on various apps like Cane Manage, Survey App, and their backends
- I am also involved in making APIs in JSON format
- I have worked on the Centreweightment app and its backend, where I used geofencing for login
- I have also worked on the Survey app and its backend, where I used GPS for getting coordinates and showing plots on the map (MapBox Map and Google Map)
- I have worked on the Canedevelopment app and its backend, where I implemented various features like planting, seeding, and selling products to farmers
- I have also worked on the Yardposition app and its backend, where farmers can see how many vehicles are standing in the yard
- The backend APIs are built in .NET C# and the results are in JSON format
- I have used two databases, SQL Server and Oracle
- My total experience is 2 years (2 years in Android and 1.5 years in .NET C#).
