Vikash Solanki

Pune, Maharashtra, India

PROFILE

Knowledge of Java programming language with approximately 2.4 years of experience in developing and maintaining enterprise level web applications. Proficient in Java SE/EE, Spring boot framework and database management with a proven track record of delivering high-quality solutions on time and with less efficiency. Developed RESTful web services and database integration. Possess excellent problem-solving and communication skills with a passion for learning and keeping up-to-date with the latest technologies and industry trends. Seeking a challenging role in a dynamic organization that values innovation, teamwork, and professional growth.

TECHNICAL SKILLS

Languages: Java, C

Developer Tools: Spring Tools4, Eclipse Ide, VS Code, Swagger2, Json, Xml, Maven, Agile Sdlc, Postman Technologies/Frameworks: Spring Boot, REST, Hibernate, MySQL, Data Structure, Oops, Git, Algorithm

EXPERIENCE

MBit Computationing Private Limited

May 2022 – Aug 2024

Java Software Developer

Dharamshala, India

- Designed and implemented robust and scalable RESTful APIs for seamless data exchange between the front-end and back-end, supporting features such as employee performance, setting goals, providing feedback, ratings and tracking progress.
- Integrated MySQL database for efficient data storage and retrieval, and performed database design, normalization, and query optimization for optimal performance.
- Built clean and efficient code based on user needs, identifying and fixing bugs, debugging, and resolving technical problems that arise, and worked on maintenance of existing programs.

PROJECTS

KCCB Appraisal Module 🗷 | Java, SpringBoot, Hibernate, REST Apis, Data Structure, MySQLJan 2024

- Developed of the Appraisal Module for Kangra Central Cooperative Bank (KCCB), a crucial system for performance evaluation and feedback processes.
- APIs for providing feedback and ratings during appraisal sessions. Support for supervisors, peers, and subordinates to submit feedback and rate employees based on predefined criteria. Ability to track the status and progress of appraisal sessions.
- Developed endpoints to manage appraisee and appraiser information, including details such as name, department and designation.

EDUCATION

Indira Gandhi National Open University

Master of computer application - MCA

 $May\ 2018-Oct\ 2021$

Delhi, India

Magadh University

Bachelor of science - B Sc.

Dec 2014 - Dec 2017

Bodh Gaya, India

CERTIFICATIONS

• Java - IntelliPaat

• Spring Boot - Scaler
