

VIVEK ARYAN

IT Engineering Graduate

I hold a Bachelor of Engineering in Information Technology (IT), which has equipped me with a versatile skill set in various programming languages. I thrive in high-pressure environments, consistently delivering results. My passion for technology fuels my rapid learning, and I approach tasks with dedication and a strong work ethic. My excellent interpersonal and communication skills further enhance my ability to collaborate effectively.

SQL -Database

ACHIEVEMENTS

solved 100+ coding questions on Hacker Rank & LeetCode coding platforms

TECHNOLOGY EXPERIENCE

Growmore Internship

During my internship at Growmore in Pune, Maharashtra, I had the opportunity to contribute to the growth and development of an officially MSME-registered start-up. Growmore is a forward-thinking organization committed to building the future by nurturing the present, and I was part of a dynamic team of nearly 100 professionals working toward this goal. Key Achievements and Responsibilities: Developed UI skills using HTML, CSS, and JavaScript, gaining practical, hands-on experience in web development. Acquired proficiency in using various software and development environments, including MS Office, Java N-IDE and VS Code. Collaborated with a diverse team of professionals to implement and improve software solutions. My internship at Growmore provided me with valuable exposure to web development and software tools, as well as the opportunity to work in a dynamic and innovative environment. This experience enhanced my skills and broadened my understanding of the tech industry, setting a strong foundation for my future career in technology and business.
