EDUCATION

KIET Group of Institutions(AKTU)   **Ghaziabad, UP, India**
B.Tech(CSE)   *Nov/2022 - Present*
CSJM Government Polytechnic(BTEUP)   **Ambedkar Nagar, UP, India**
Diploma(CSE)   *Aug/2019 - July/2022*

TECHNICAL SKILLS

Programming Languages: Core Java, Python
Technologies: HTML, CSS, Bootstrap, JavaScript Django
Development Tools: VS Code, PyCharm, GitHub, Microsoft azure

WORK EXPERIENCE

Java Full Stack Developer
Wipro TalentNext, Virtual   *May/2024 - Sep/2024*

- Built full-stack web applications using **Java, Spring Boot, HTML, CSS, JavaScript**, and **MySQL**, implementing both front-end interfaces and backend APIs.
- Completed capstone projects following **Agile methodology**, focusing on clean code, performance optimization, and real-world application scenarios.

Full Stack Web Developer
Edunet Foundation, Virtual   *Feb/2024 - April/2024*

- Developed a multi-functional web application using Django, managing both front-end and back-end tasks, from designing responsive UI components to creating RESTful APIs for data handling.
- Collaborated across departments to meet project specifications, conducted code reviews, mentored junior developers, and enforced best practices to improve team performance and code quality.

Microsoft Future Ready Talent Intern
Microsoft, Virtual   *May/2023 - Nov/2023*

- Developed and deployed web applications, leveraging Azure Cloud services for seamless hosting and integration.
- Actively contributed to open-source projects, enhancing repositories on GitHub, focusing on optimized code efficiency and performance.

PROJECTS

Mental Health Prediction
HTML,CSS,JS, Machine Learning   *June/2023 - Sep/2024*

- Developed a Mental Health Prediction Model to identify conditions such as depression, anxiety, PTSD, and insomnia at an early stage. This project uses machine learning techniques for accurate predictions based on user input.

Engineering Hub
HTML,CSS,Django   *Feb/2024 - April/2024*

- Developed Engineering Hub, a web app using Django, HTML, CSS, and JavaScript, enabling users to create, manage, and read technical blogs with categorization, commenting, and authentication.

Notes Sharing Web Application for University
HTML,CSS, Python, Django   *May/2023 - Nov/2023*

- A Django-powered notes-sharing web application enabling university students to securely upload, share, search, and access study materials, enhancing collaboration and academic resource availability.

EXTRACURRICULAR ACTIVITIES

- Course on Computer Concepts(NIELIT)(July/2018- Sep/2018)   Certificate Link
- Preparing for Your Professional Cloud Security Engineer Journey (April/2023)   Certificate Link

ACHIEVEMENTS

- **LeetCode:** Reached significant milestones, consistently solving challenging problems
- **HackerRank:** Earned a 4-star rating in problem-solving and Java proficiency
