## Education

**ABES Engineering College Ghaziabad, Uttar Pradesh**

**November 2020 - July 2024**

*Bachelor of Technology in Computer Science(CGPA of 8.16)*

*Uttar Pradesh, India*

## Experience

### Code Clause

**March 2023 – April 2023**

*Web Development Intern*

*India*

- Ensuring responsiveness and compatibility across different devices and browsers through media queries and responsive design techniques. Using version control systems like Git to manage and track changes in codebase.
- Working with JavaScript frameworks/libraries (e.g., React to build scalable and efficient web applications.

### IBM SkillsBuild edunet foundation

**12 June 2023 – 24 July 2023**

*Frontend developer Intern*

*India*

- Designed and implemented user interfaces, ensuring seamless interaction between users and websites. Proficient in HTML, CSS, JavaScript, ReactJs, and responsive design, they create visually appealing and functional web experiences.

## Projects

**Weather App** | *HTML, CSS, Java Script, Netlify* [Link](#)

**4**

- Accurate weather app providing real-time forecasts, interactive maps, and customizable alerts for seamless planning and staying informed. User-friendly interface with hourly and daily updates.

**Shopping Cart App** | *React JS, BootStrap, Netlify* [Link](#)

**4**

- A shopping cart app built entirely with React JS, BootStrap and Netlify allowing users to browse products, add items to their cart, adjust quantities, and proceed to checkout. The app provides a smooth and responsive user experience.

**Boston Housing Project** | *Machine Learning, Python, Numpy, Pandas* [Link](#)

**4**

- It is a data science project which predict price of house on the basis of different parameters. Python modules like Pandas, Numpy, Matplotlib, Scikit learn are used to predict price.

## Technical Skills

**Languages:** C/C++, HTML,CSS, JavaScript, SQL, Core Java

**Frameworks:** ReactJS

**DataBases:** MySql , phpMyAdmin

**Version Control:** Git, Github

## Relevant CourseWork

- Computer Science :** Data Structure and Algorithm, Operating System, Object Oriented Programming, Database Management System, Computer Network

## Positions and Responsibility

- Coordinating Appreciation Day 2.0 held by College on 26th April 2023

## Achievements

- Project Published (NURTURE: An Analytical Model for Parents and Children Relationship using Machine Learning). [\(Link\)](#)
- 5 star in problem solving Hackerrank, which is the top site in terms of participation of programmers across globe.
- 200+ problems on various coding platforms like leetcode, GFG and Coding Ninjas.
- Programming Essential in Python from CISCO Networking Academy in 2022.
- Data Science Fundamentals from IBM cognitive class 2023.
- AWS Academy Machine Learning Foundations Certificate.
- IBM SkillsBuild Edunet Foundation FrontEnd Development Certificate. [\(Link\)](#)
- Full Stack Development Training Program conducted by Simplifii Labs Private Limited. [\(Link\)](#)
