## SUMMARY

---

Enthusiastic and skilled Frontend Web developer with a solid foundation in computer science and engineering. Adept at designing and implementing responsive and dynamic user interfaces. Strong problem-solving skills and a passion for staying up-to-date with the latest web development trends. Demonstrated ability to collaborate with cross-functional teams to deliver high-quality software solutions.

## EXPERIENCE

---

### Associate (UI- Developer), Cognizant

*Apr 2023 - Present*

- Worked in Retail Marketing Domain, developing responsive web applications using Vue.js and Pinia for the frontend. Utilized ESLint for static code analysis to enforce coding standards and identify potential issues early in the development process.
- Integrated RESTful APIs and ensuring seamless communication between the frontend and backend with SonarQube into the development pipeline to conduct continuous code quality assessments and ensure adherence to best practices.
- Conducted code reviews to ensure code quality, maintainability, and adherence to best practices.
- Utilized Git for version control and participated in agile development methodologies

### Programmer Analyst (UI- Developer), Cognizant

*Jun 2021 - Mar 2023*

- Build Hybrid apps and modules using AEM(Adobe Experience Manager)-React for two years in the Finance and Content Relationship Management Domain contributing to the development of interactive and user-friendly, admin-authorable UI interfaces.
- Build apps using Salesforce's Apex framework in frontend modules to provide scalable and efficient solutions.
- Utilized ESLint to maintain high code quality standards in the frontend codebase.
- Collaborated with cross-functional teams to troubleshoot and resolve issues, improving overall application performance.

### Programmer Analyst Trainee, Cognizant

*Oct 2020 - May 2021*

- Completed a comprehensive internship program focused on software development and gained hands-on experience with Spring Boot and React.js through practical training sessions.
- Worked on projects, applying theoretical knowledge to practical scenarios, which helped me to understand industry best practices and coding standards deeply.

## EDUCATION

---

### Bachelor of Technology, Computer Science Engineering

*Aug 2016 - Jul 2020*

APJ Abdul Kalam Technical University, Uttar Pradesh

### Intermediate,

*Apr 2015 - May 2016*

S.K.D Academy Inter College

### High School,

*Apr 2013 - May 2014*

S.K.D Academy Inter College

## SKILLS

---

**Languages:** JavaScript (ES5+), Java, HTML5, CSS3

**Frontend:** React.js, Vue.js, Redux, Pinia, CSS-grid, Bootstrap

**Backend:** Spring Boot.

**Tools:** Git, AEM, Jira, ESLint, SonarQube, Axe Dev Tool, Colour Contrast Analyzer

**Other:** RESTful APIs, JSON, AJAX

## Accomplishments

---

### React.js HackerRank Certification

<https://www.hackerrank.com/certificates/93e10c1a80f7>

### Frontend Developer (React) Certificate

<https://www.hackerrank.com/certificates/233a89e66602>
