OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization.

EXPERIENCE

Chaob technologies Pvt Ltd.

02/2022 - 08/2023

QA Tester

Conducted end-to-end testing for WebApp, MobileApp, and WhatsApp chatbot from manually and automation scripts. Developed and executed comprehensive test cases for both manual and automated testing using Selenium and Python. Successfully utilized JMeter to perform load and performance testing and utilized Lambda Test for UI Testing. Implemented Postman for API testing, ensuring smooth integration and data exchange between different components of the system and utilized Swagger for API documentation. Utilized ClickUp as a project management tool to track and prioritize testing tasks and Collaborated with development teams to identify and reproduce defects

English
Hindi

EDUCATION

Marathwada Institute of Technology (MIT), Bulandshahr

2019

MCA
7.9 CGPA

PROJECTS

Carscan

Carscan is such an easy and efficient way to load a claim and get the damage fixed fast! The car is scanned and sent to repairers who will quickly quote for the damage. Getting quotes from many repairers has allowed us to find the cheapest, best options nearby! This saves money and time!
