AVNEET KAUR

Mirzapur, Ganesh Ganj | P: +91 9696623522 | avneetkaurshivani@gmail.com | [Avneet Kaur | LinkedIn](#)

CAREER OBJECTIVE

A smart and driven individual pursuing a degree in Computer Science, eager to contribute to a dynamic team and build high-quality cloud applications. Passionate about learning new technologies, solving complex problems, and collaborating with senior leaders.

PROJECTS

Uber Data Analysis Using Machine Learning   *Sept 2023*
- Implemented machine learning algorithms to analyze vast datasets, optimizing route efficiency and reducing transportation costs by 15%.
- Developed and implemented machine learning models for predictive analysis, contributing to a 20% increase in revenue through optimized surge pricing strategies
- Applied Natural Language Processing (NLP) algorithms to extract valuable insights from customer feedback, enhancing the understanding of user preferences and driving improvements in service quality.

YouTube API Integration Project   *Apr 2023*
- Spearheaded the development of a YouTube API integration project, utilizing HTML, CSS, and JavaScript to deliver a user-centric experience.
- Implemented RESTful principles for efficient front-end to API communication, elevating overall project performance.
- Integrated JavaScript functionalities for real-time data retrieval and dynamic UI updates, enhancing user engagement.

Amazon Clone Project   *Feb 2023*
- Developed a comprehensive Amazon clone project, employing HTML, CSS, and JavaScript to recreate the essence of the renowned e-commerce platform.
- Designed and crafted a visually polished and responsive user interface, utilizing HTML and CSS to mirror the familiar Amazon shopping experience.

Skills & Competencies:

Familiarity with Jira & Confluence for task and issue tracking.
Knowledge of Angular, CSS, HTML, TS, XML.

EDUCATION

Maharana Pratap Engineering College, Kanpur   *Sept 2020 - June 2024*
Bachelor of Technology (B. Tech) in Computer Science and Engineering (CSE)
Current CGPA: 8.8

Senior Secondary (12th Grade) - PCM Stream   *June 2019*
S.N Public School, Mirzapur
Percentage: 85%

Secondary School (10th Grade)   *June 2017*
S.N Public School, Mirzapur
Percentage: 95%

SKILLS

Technical Skills:
Programming Languages: Python, Java, C++, SQL, OOPS Concepts, API, Machine Learning.
Operating Systems: Windows, Linux.
Cloud Platforms: Azure/AWS
Web Development: Html, CSS, JavaScript, Node.js,
Database: MySQL, MongoDB
