MERN Full Stack Training

Arudan Technologies Pvt. Ltd. Prayagraj

July 2023 - Dec 2019

PROFILE

Experienced Full Stack Developer with 6 months of experience working with both frontend and backend technologies to build dynamic and scalable web applications. Proficient in the latest technologies, including the MERN stack (MongoDB, Express, React, Node.js), with strong expertise in JavaScript, React, and Redux. Skilled in a range of programming languages, frameworks, and tools, with a passion for staying up-to-date with the latest industry trends and technologies.

WORK EXPERIENCE

Full Stack Developer   **Febrary 2024 - Aug 2024**
Nadcab Technology   Prayagraj (On Site)

- Work on **4+ Projects** in the company witin 6 months..
- Design Admin pannel (Rest Api: **Node.js, Express, MongoDB**) (Frontend: **React.js, Bootstrap, Redux**)
- Implemented a **Chat application** for customer support, enabling real-time communication between clients and admins in the admin panel using **Socket.IO**
- Integrated **Blockchain** technology into web applications using **MetaMask** and **Web3.js**, enabling decentralized transactions and smart contract interactions.

Project Highlights:

- **Inrx Admin-Panel:** Developed a complete admin panel from scratch, handling both frontend and backend tasks. Integrated authentication systems and **upload images on Cloudinary** also implemented **real-time customer support chat** functionality using **Socket.IO.**
- **comfystayz:** Contributed to the project by enhancing the frontend, adding **Email** functionality, implementing an authentication system, and working on various backend features.
