OBJECTIVE	<i>Results-driven software engineering professional with 2 years of experience in building secure and scalable applications using React.js and Node JS. Proven track record of successfully handling complex projects individually and collaborating effectively within cross-functional teams. Adept at implementing best practices in web application development.</i>		
EDUCATION	Guru Gobind Singh Indraprastha University, Delhi <i>Bachelor of Computer Application (BCA)</i>		
TECHNICAL SKILLS	<i>Languages:</i> Javascript, Typescript <i>Database:</i> MySQL, MongoDB <i>Tools/Framework:</i> ReactJS, Angular, Nodejs <i>Others:</i> Thorough understanding of React.js and Node JS, experience with modern front-end build pipelines and tools such as Babel, Webpack, NPM, etc.		
EXPERIENCE	Corepeelers Pvt Ltd (Reactjs Developer)	April 2024- May 2024	
	<ul style="list-style-type: none">Developed and maintained frontend applications using ReactJs framework, ensuring high performance and responsiveness.		
	MPS LTD. (Software Engineer)	June 2023- April 2024	
	<ul style="list-style-type: none">Developed and maintained frontend applications using Reactjs and Angular, ensuring high performance and responsiveness.Collaborated with cross-functional teams to understand project requirements and translate them into technical specifications.Designed and implemented user interfaces (UIs) according to UX/UI designs, focusing on usability and user experience.Integrated APIs to fetch and update data, enhancing the functionality and interactivity of web applications.Coordinated with backend developers to create RESTful APIs based on Jira ticket descriptions and project requirements.Conducted code reviews, identified areas for improvement, and implemented best practices to optimize code quality and performance.		
	Vividweb Technologies Pvt. Ltd. (Software Developer)	Feb 2022- June 2023	
	<ul style="list-style-type: none">Developed, tested, and implemented software programs using React.js, and Node JS.Resolved complex technical design issues.Created and maintained software documentation.Stayed up-to-date with emerging technologies and industry trends.Built projects from scratch and delivered high-quality software solutions.Performed website optimizations using techniques like code splitting, lazy image loading, and other performance enhancements.		
PROJECTS	ThinkWeb:		
	<ul style="list-style-type: none">Business Domain: Order Management SolutionTechnical Domain: Angular, Javascript, Bootstrap, CSS, HTMLProject Url: https://thinkprototype.mpstechnologies.com/		
	LeadsGator:		
	<ul style="list-style-type: none">Business Domain: Buy business leads online		

- Technical Domain: React.js, Angular, Express, Nodejs, JavaScript, CSS
- Optimised website performance using LightHouse
- Implemented code splitting to improve application performance and reduce load times.

HoppedIn:

- Business Domain: E-Commerce
- Technical Domain: Reactjs, Angular, Nodejs, Javascript, CSS, HTML
- HoppedIn is an e-commerce website with features including adding videos for all products, displaying images and swipe-up videos like Instagram, adding products to a wishlist, and liking products.
- Developed the admin panel for the application as the sole developer and worked on the UI for the frontend.

Quantuminsight

- Business Domain: Online exam portal
- Description: Online exam portal for hiring candidates.
- Custom exam set according to job profile.
- Add Candidates and send online otp for verification.
- Download Complete report with correct and attempted questions in PDF.
- Technical Domain: Reactjs, Nodejs, Mysql.

LinkMe:

- A social network website and application built using NextJS.
- Contributed to various aspects of the project, ensuring smooth integration and implementation of features, and optimizing the overall performance and user experience.

CERTIFICATION

- **ReactJS:** Coding Ninjas, Delhi
- **Full Stack Web Development:** Coding Ninjas, Delhi
- **Modern Reactjs and Redux:** Udemy
- **Data Structure and Algorithms:** Udemy
- **Android App Development:** Cetpa, Noida
