Ghaziabad, Uttar Pradesh, 201309, India

Experienced Front-End Developer skilled in HTML, CSS, JavaScript, and modern frameworks. Expert in creating responsive, user-friendly interfaces, ensuring cross-browser compatibility, and optimizing performance. Committed to clean code and delivering high-quality, client-focused web solutions.

Work Experience

Senior Frontend Developer

May 2024 - Present

Savin Communication pvt | Noida

- Translate designs and wireframes into high-quality code.
- Optimize components for maximum performance across a vast array of web-capable devices and browsers.
- Work closely with UX/UI designers to ensure technical feasibility of designs.
- Collaborate with back-end developers to integrate user-facing elements with server-side logic.
- Debug and resolve issues reported by users or identified in the testing process.

SDE-1

Jan 2021 - Apr 2024

Astrotalk | Noida

- Web Designer with a strong eye for aesthetics and UX principles, skilled in creating responsive, visually appealing website's using
- HTML, CSS, Photoshop, and Figma. Passionate about crafting intuitive designs that enhance user engagement and reflect brand identity.
- Worked on migrating legacy apps from older technologies to modern frameworks like Angular 13.
- Developed a responsive website using Angular 13, HTML5, CSS3,
- Designed user experiences on mobile devices through media queries and responsive design principles.
- Optimized application for maximum speed and scalability.

E-Learning Developer

Sep 2018 - Jan 2021

AK Technology | Noida

- Created website's and web applications using HTML, CSS,
- JavaScript, and jQuery.
- Converted PSD mockups into pure hand-written HTML and CSS pages.
- Collected, defined and translated user requirements into project designs and implementation plans.
- Worked closely with product managers to understand project scope and deliverables.
- Developed custom web application interfaces with HTML and CSS to meet client requirements.

Projects

Influencer Registration Website

Jul 2024 - Present

I developed the WTISpace website frontend for full responsiveness and user-friendliness, showcasing influencers, creators, and social media posts. It includes five registration options and is actively enhanced by our social media, marketing, and content teams.

- React.js, Hml5, Css3, JavaScript, Bootstrap5

FTL Ambassador dashboard portal

Jun 2024 - Present

I developed the FTL Ambassador Dashboard for Ambassadors, Admins, CCMs, and RCMs, allowing role-specific actions: Ambassadors engage in activities and view scores, Admins manage all activities, and CCMs/RCMs view but cannot edit.

- React.js, Html5, Css3, Bootstrap5, JavaScript

ICAI Each one teach one website portal

May 2024 - Jun 2024

The ICAI Each One Teaches One portal provides a streamlined interface for managing mentorship. Users log in via OTP, manage profiles, schedule sessions, and download details. Administrators oversee all records through a comprehensive dashboard.

- Html5, Css3, JavaScript, Bootstrap5

Astrotalk Web Application

Jan 2021 - Apr 2024

I designed the Astrotalk web application from start to finish using Angular. The responsive site is accessible on mobile, desktop, and tablet, demonstrating the scale of my work and showcasing my skills in delivering quality results.

- Html5, Css3, Bootstrap5, Angular, TypeScript

Core Skills

HTML5, React.js, Javascript, CSS3, Bootstrap5, Less, Angular, Json, Figma, Photoshop, Firebase, Git, NPM, API Integration
