Profile

- Software Engineer/Mern Stack Developer

Education

- **Dr. APJ abdul kalam technical University , Lucknow**   October - 2022
  B.tech - (computer science and engineering)
  CGPA ~ 7.7/10 with distinctions

Skills

- 1 - Html , 2 - CSS , 3 - Javascript , 4 - ReactJS , 5 - APIs , 6 - Axios , 7 - Nodejs , 8 - Express js , 9 - Ejs , 10 - Mongoose , 11- Mongodb , 12 - Tailwind CSS , 13 - Bootstrap , 14 - SASS , 15 - Git&Github , 16 - Media Queries , 17 - Core Java , 18 - Responsive web design , 19 - Styled components

Experience

- **Knobee Social India Private Limited**   12/02/2024 - Current
  Mern Stack Developer
  MERN stack developer skilled in Node.js, Express.js, MongoDB, and Mongoose. Currently contributing to a **Social Media App**, focusing on efficient backend development, API implementation, and cross-functional collaboration for optimal user experience.

- **Harshly Education And Skills Technology Pvt Ltd.**   05/01/2023 - 15/01/2024
  Mern developer/Full stack developer
  As a **MERN developer** in an **Edu-Tech** company, I leveraged a diverse stack including React, Bootstrap, Tailwind CSS, and Sass to craft responsive and visually appealing user interfaces. Utilizing Node.js and Express.js, I built robust backend systems, seamlessly integrated with MongoDB and Mongoose for efficient data management. Additionally, proficient in media queries and Axios, I ensured optimal performance and smooth data communication across platforms, contributing to the seamless educational experience.

Projects

- **Chat - App**
  Developed a feature-rich chat application using **MERN** stack and **Socket.IO**. Implemented **JWT-based** user authentication for secure access. Enabled seamless sharing of multimedia files such as images, videos, and documents. Demonstrated proficiency in full-stack development, real-time communication, and user authentication.

- **Podcast - Website**
  Designed and developed a dynamic **Podcast Website** App using the MERN stack, with a strong focus on React.js, Sass, and Axios to create an immersive front end. Key features include seamless audio and video podcast streaming, user-friendly upload functionality, and secure Google Auth integration. Showcased adept full-stack development skills utilizing Node.js, Express.js, MongoDB, and Mongoose for a comprehensive and engaging user experience.

- **Portfolio**
  Developed a sleek **Portfolio** using React.js, Sass, and React Router DOM for seamless user experience. Employed media queries for responsive design, showcasing front-end expertise. The portfolio highlights skills in React.js, Sass styling, and effective navigation with React Router DOM.

Hobbies

- 1 - Web development , 2 - DSA Problem Solving , 3 - Reading Books , 4 - Listening Songs
