

KOTAIAH M

E-Mail: mkotaiah9911@gmail.com

Phone: +91 9008069382

I have 4 years of experience in UI Development, Front-end Development and Web Applications using the technologies such as **JavaScript, React.js, Redux, Bootstrap, HTML, CSS, SASS, and Typescript, Redux-thunk.**

## CORE COMPETENCIES

- Design & Development
- Requirement Gathering and Story grooming and estimation
- Object Oriented Programming
- Framework Architectures
- Coding
- Web Applications
- Project Execution

## PROFILE SUMMARY

- Strong proficiency in **JavaScript** and **jQuery**, including **DOM** manipulation and **JavaScript** object model.
- Developing new user-facing feature and reusable components using **React.js**, **React-hooks**, **React-context**.
- Good experience in state management using **Redux**.
- Having good knowledge on event handling using **Redux- thunk**.
- Having good hands-on experience in **ES6** features.
- Translate design and wireframe into high quality code.
- Experience in developing responsive web Application.
- Good analytical skill about **PLUG INS**.
- Passion for code standards, optimized and progressive enhancement.
- Good Knowledge on **JSON**.

## ORGANISATIONAL EXPERIENCE

Since April 2019-present with Mindtree (under the payroll of “Upfinit Software Development India Pvt Ltd”), Bangalore as Senior Software Engineer.

## KEY RESULT AREAS

- Developing software solutions by studying information needs, conferring with users, studying systems flow, data usage, and work processes.
- Understanding process requirements, providing use cases for business, functional & technical requirements
- Managing delivery frameworks & new technology implementation projects for streamlining related activities as per quality standards.
- Participating in requirements gathering for enhancements and creation of high-level & detailed-level design documents.
- Advancing solutions for given technical specifications; installing application software and deploying customizations; contributing to code reviews.
- Liaising with stakeholders during problem solving, requirements gathering, detailed level design, development, system test and production implementation to ensure that optimal resolutions are achieved.

## IT SKILLS

**Technologies:** JavaScript, Typescript, React.js, Redux, Redux-Thunk, jQuery, AJAX, HTML5, CSS2/3, Bootstrap, Rest Api calling.

**Editing Tools:** Vs code, Notepad, Eclipse, Sublime Text

**Design Patterns:** Singleton

**Operating System:** Mac, Windows.

## ACADEMIC DETAILS

---

**2019:** BSC Graduate from Vikrama Simhapuri University, Nellore, Andhra Pradesh.

**2016:** Intermediate from St. Mary's Jr Collage, Nellore

**2014:** SSC from ZPHS High School, Nellore, Andhra Pradesh.

## PROJECTS UNDERTAKEN

---

### **PROJECT: ASTER**

#### **Project Description:**

We have been consistent in our mission to provide quality healthcare at an affordable cost. Our team believes there is no finishing line in the race for excellence, and accessibility to healthcare services is a priority. Therefore, we provide services closer to our customers through the extensive network of Hospitals, clinics, Diagnostic labs and pharmacies.

I firmly believe that the 'recipe' for success has always been the blessings of the Almighty, the support of the visionary leaders and people of the countries we operate and the hard work of the united and passionate team of Asterian.

**Technology Stack:** HTML5, CSS3, JavaScript, Bootstrap, React JS, Redux, Material Ui. Redux-thunk.

#### **Responsibilities:**

- Designing and developing the responsive react components.
- Taking the ownership of both enhancement and maintenance.
- Involve in sprint planning and grooming stories.
- Code review and code optimization.
- Deployment and production support.

### **PROJECT: NYKA**

#### **Project Description:**

Nyka is India's largest omnichannel beauty destination we have not only redefined the art of e-retailing beauty and personal care in India, but also have been instrumental in fostering the growth of a previously relatively nascent ecosystem. From bringing you domestic brands, international brands, luxury and prestige brands, premium brands, niche and cult brands and expert advice and videos, coupled with our understanding of the needs and preferences of the consumers, to more than 72 Luxe and On-Trend and Kiosk Stores, an ever growing online community for beauty buffs, and a Beauty Helpline, we go out of our way to give you only the very best. With 2400+, 100% authentic brands Nykaa offers a well curated comprehensive selection of makeup, skincare, haircare, bath and body, fragrance, grooming appliances, personal care, and health and wellness categories.

**Technology Stack :** HTML5, CSS3, JavaScript, Bootstrap, JQuery

#### **Responsibilities:**

- Worked as individual and with team contributor.
- Problem understanding and FE Bugs and functional Story.
- Involved in various Client demos and presentation
- Ability to multi-task
