SUMMARY

- Angular Developer with over 2 years and 10 months of experience in web development, including design, testing, and delivering high-quality solutions.
- Adept at translating product requirements and design specifications into fully functional applications, with a strong commitment to quality assurance.
- Thorough understanding of RESTful APIs and integration, ensuring smooth and effective data exchange between services.

SKILLS

- Angular
- JavaScript
- CSS3
- Bootstrap
- Angular Material
- HTML5
- TailWind CSS

Working Experience

Front End Angular Developer   **2022 – Current**
Pristine Business Solutions   *Noida*

PROJECTS

CRM ⬈ | Angular, Angular Material, HTML5 , CSS3, Tailwind CSS   **2024**

- Designed and built a comprehensive CRM system using HTML, CSS, and Tailwind CSS for responsive, modern user interfaces, ensuring a seamless and user-friendly experience.
- Leveraged Angular and Angular Material to create dynamic, modular components and maintainable code, enhancing application performance and scalability.
- Integrated and customized the Fuse theme to align with project requirements, ensuring a consistent and polished visual design across the CRM application.

BodyCare ⬈ | Angular, Angular Material, HTML5, CSS3   **2023**

- Created a comprehensive system to streamline sales and returns processes, improving operational efficiency and customer satisfaction.
- Implemented features for real-time visibility into sales order details, enhancing transparency and management of the order lifecycle.
- Developed advanced reporting capabilities to generate sales performance metrics, order trends, and customer insights, aiding data-driven decision-making.
- Designed and implemented interactive dashboards to visualize sales data, providing key stakeholders with actionable insights and performance metrics.

Beauty Concept ⬈ | Angular, Angular Material, CSS3, HTML5   **2023**

- Developed and managed a comprehensive system to oversee various aspects of order processing including transfer orders, returns, sales orders, and dispatches.
- Implemented features to generate and manage invoices, challans, and e-way bills, ensuring efficient documentation and compliance.
- Created a timeline view to track the status and progress of orders, enhancing visibility and management of order fulfillment.
- Integrated an item ledger system to monitor inventory and track transactions, providing detailed financial insights.

Dell'Orto ⬈ | Angular , Angular Material, HTML5, CSS3, Tailwind CSS   **2022-23**

- Focused on enhancing various operational aspects, including inventory management, sales, procurement, and supply chain logistics.
- Designed and developed a robust system to track and optimize automotive parts inventory.
- Implemented real-time inventory updates to ensure accurate stock levels, reducing the risk of stockouts and overstock situations

EDUCATION

Quantum School Of Technology, Uttarakhand   **2018– 2022**
Bachelor of Technology - Computer Science and Engineering - **CGPA** *-* **7.9**
