## **ABHINAV PANDEY**

Email-id: pabhinav689@gmail.com Mobile No.: +91-7393947803

Github: https://github.com/Abhi03072001

Linkedin: https://www.linkedin.com/in/abhinav-pandey03/

**Objective:** As a passionate and dedicated software developer, I aim to leverage my programming skills and academic background to contribute effectively to a dynamic team. Seeking opportunities to learn, grow, and apply my knowledge in real-world scenarios while delivering high-quality software solutions.

## **ACADEMIC DETAILS**

Degree/Exam	Board/Branch	Institute	Year
B.Tech	CSE	KCC Institute of technology & Management	2024
XII	UP Board	R S M Inter College, Robertsganj	2019
Х	UP Board	St. Xavier's High School, Robertsganj	2017

## **TECHNICAL SKILLS AND FRAMEWORK**

• Languages : JAVA, HTML, CSS

Database: SQL,MYSQL

Script and Tools: JAVASCRIPT, GIT

Framework: REACT.JS

• Others: SDLC, OOPS Concepts

#### **WORK EXPERIENCE**

- Web Development Intern: Oasis Infobyte( 07/2023 08/2023 )
  - > Developed a temperature converter application using **HTML**, **CSS**, and **JavaScript** during internship at Oasis Infobyte, showcasing proficiency in front-end web development.
  - > Implemented functionality for converting temperatures between Celsius, Fahrenheit, and Kelvin, demonstrating strong JavaScript programming skills.
  - > Showcased adept problem-solving abilities and self-reliance throughout the entire project lifecycle, from conceptualization to implementation and refinement.

### **PROJECTS**

# Hospital Management System

- Created a Java-based hospital management system with MySQL integration.
- Designed functionalities for patient registration, appointment scheduling, and medical record management.
- > Streamlined hospital operations by providing efficient data management and scheduling solutions.
- > Demonstrated proficiency in Java programming and database management through successful project completion.

# Amazone Clone

- Developed a non-responsive Amazon clone project using HTML and CSS.
- Aimed at replicating the user interface and functionalities of the popular e-commerce platform.
- Deepened understanding of front-end web development principles.
- Practiced layout design, styling, and structuring of web pages.

# **Certifications and Extra-curricular**

- Completed 'Introduction to Java' course by Coding Ninjas, gaining foundational knowledge in Java programming language, including syntax, object-oriented principles, and basic application development.
- Solved competitive programming problems on various platforms.
- Attended training program on "How to pursue a career in software development" conducted by IIT-Roorkee and received certificate of participation.
- Experienced in team management, Proven track record of successful project delivery.
- Dedication to fostering collaborative work environments.
