

FAZIL NOOR

WEB DESIGNER &
DEVELOPER < >

 @fazilnoor  fazil.noor

About Me

Writing well designed, testable, efficient code by using best software development practices

Creating UI design and interacting with prototypes with tools like Adobe Xd, Figma or illustrator

I can convert UI Design into website layout/user interfaces by using standard HTML/CSS practices

I can use bootstrap like framework responsive and mobile friendly web sites.

I use React js in order to create single page applications

Integrating data from various back-end services and databases

I have good idea about Integrating third party api's as well
