

**Pavan Darvekar**

**Email: pavandarvekar18@gmail.com**

**Software Test Engineer**

**Mob No: 8788987209**

## • Objective

An experienced Professional in **Functional, Non Functional, Regression, Retesting** and **Web Service Testing** using **SOAP UI, Automation Testing (Selenium Webdriver with JAVA), Database Testing(Oracle 11g)**, Intended to get experienced by working with reputed company and dedicated professionals and use that experience to enhance my knowledge, skills to achieve personal as well as organizational goals. To Get challenging assignments with responsibility which will encourage creativity and keeps in touch with the latest technologies/ trends in testing field .

## • Experience

- **2.8** years of Experience in **Automation Testing** (Selenium), **Manual Testing, Functional Testing, WebService Testing** including **SOAPUI** and **API Testing** using **POSTMAN**.
- Good experience in **Telecom Domain** and **Investment Banking Domain** Testing.
- Good knowledge of **Core Java concepts**
- Experience in **SQL** and **Selenium Web Driver**
- Strong exposure on tools like **TestNG Framework**, build automation tool like **Maven**

Sr. No	Organization &Place	Designation	Duration	Profile
1.	<i>Molars Tech. pvt ltd</i>	Software Test Engineer	Feb-2021 – till date	<ul style="list-style-type: none"><li>• Analysis of requirement, Application study and understanding manual test cases.</li><li>• Perform Black box testing, module testing &amp; cross browser testing.</li><li>• Develop &amp; execute the test case documents, Reporting &amp; tracking bug,</li><li>• Interacting with developers. Develop document and review of Functional Test Documents,</li><li>• Test Review Reports, Process related document, Process Training Documents</li><li>• Written Regression test scripts &amp; execution of same.</li><li>• Preparing daily status report, weekly status report, PM report etc.</li></ul>
				<ul style="list-style-type: none"><li>• To work on AGILE Sprint Test Plan and participate in All Ceremonies of AGILE.</li><li>• Design and Execute Test Cases in different environments.</li><li>• Prepared Traceability Matrix to map Business Requirements with test Case.</li><li>• Used defect management tool such as JIRA for Defect Logging and Tracking.</li><li>• Generate Test summary report using JIRA application.</li></ul>

## • Technical Skill Set

- **Desktop Operating Systems** : Windows 8 and Windows 10 and Unix
- **Languages** : Java and SQL
- **Database** : Oracle 11g express edition
- **Bug Tracking Tool** : JIRA

## • Automation Testing Skill Set

- Good understanding of core **OOP's** concepts of **JAVA** like, **Arrays and String Class**.
- Also Performed **Cross Browser Automation Testing** using **Selenium Web driver** .
- Developed User Defined functions to support the automated scripts. Used the **Data driven Testing-using Selenium Web driver**.
- Proficient in Test Automation using **Selenium Tool**.
- Good experience in creating, modifying, and enhancing both **manual Test cases** and **Test Scripts created in Selenium Web Driver**.
- Experience in identifying **Web Elements** using **X-path**, handling of **List-Box** using **Select** and **Action Class**, Mouse over operations, **Pop-ups**, **Dynamic X-path**, **iFrames** and **Dropdown boxes**
- Good Understanding of **TestNG framework** and its **Annotations** and **Assertions** concepts.
- Having Experience of designing **POM** (Page Object Model) classes
- Familiar with the use of **Maven Framework** and tools like, **GitHub** and **Extent Reporter**.
- Having Knowledge of **Implicit, Explicit and Fluent Wait** in Selenium Web driver.
- Good experience in automating Web Applications using Selenium **Webdriver with TestNG Framework**.

## • Manual Testing Skill Set

- Good experience in analyzing requirements (**User Story**) and identifying **Test Scenarios**, **Test cases**, **Test case execution** and **Defect analysis**.
- Good Experienced of various types of testing like **Functional Testing**, **Database Testing**, **UAT** and **GUI Testing**.
- Strong Working knowledge on **SDLC** and **STLC** work flow.
- Worked on **AGILE Sprint Test Plan**.
- Worked on **Agile Methodology** and participated in **All Ceremonies of AGILE**.
- Good Experience in **Design** and **Execution of Test Cases** in different environments.
- Involved in **test Case review** and send the review comments to team mates.
- Prepared **Traceability Matrix** to map Business Requirements with test Case.
- Used defect management tool such as **JIRA** for **Defect Logging** and **Tracking**.
- Generate **Test summary report** using **JIRA** application.
- Prepared **Weekly status Report** and send to **higher authority**.
- Involved in daily conversation with **Product Owner team** for better understanding of **functional requirements** for developing **quality test cases** and **analyzing the priority of the scenarios**.
- Good experience in **Software Testing** and **Quality Assurance** in **Banking domain** and **Telecom (BSS) Domain**.
- Very good experience in **Investment Banking, CRM Billing, BSS**.
- Performed **Web service testing** and **API Testing** using **SOAPUI** and **POSTMAN** having knowledge **WSDL, UDDI** and **Assertions**.
- Good Experience in **Database Testing** using **SQL commands**.

## • Projects

**Project 1** : Finance & Investment Banking  
**Domain** : Finance  
**Client** : **Global Prime England**

### **Description:**

All sales and trading activities handle by the Investment Banking in the primary and secondary markets. Through a worldwide network, the International Trade and Transaction Banking department provides a wide range of solutions to Corporate and Financial Institutions clients for their working capital and international trade needs. Investment Banking originate structure and execute equity financings for private and public corporates through a variety of offerings like Initial Public Offerings (IPOs), Follow-on Public Offerings (FPOs), Qualified Institutional Placements (QIPs), Rights Issues, Private Placements, Block Trades, Pre-IPO Placements, Buybacks etc.

### **Role / Job Responsibilities**

- Go through the software requirements **User Stories**.
- Analysis of Requirement [Functional, Design] document.
- Generate **Test Cases** based on the requirements and other documents.
- Prepare Analysis and **Execution of Test Cases** also **Prepare Test Summaries**.
- Performed **Functionality Testing, Retesting, Regression** Testing and making the status in the defect management tool **JIRA**.
- Identify the regression test cases for Automation and Scripts updating using **POM Classes** and **Test Classes**.
- Also involved in **Automation Testing** using **Selenium Webdriver**.
- **Redesigning** the test cases according to the changes in Product
- Provide regular reports on various aspects of projects underway. Ensure on-time deliveries.
- Verifying the Database using **SQL queries** and executes SQL queries for getting data from the database to do testing.
- Used **UNIX** commands for the file validation from the server using PuTTY software.
- Co-ordinate with client on daily basis.
- Preparing daily status report, weekly status report etc.

### **Project 2**

**CRM** : Comarch Billing and Payment System  
**Domain** : Telecom Domain  
**Client** : KPN International, Netherland

### **Description:**

This 'CRM- Billing and payment 'allows communications service providers (CSPs) to integrate Comarch Customer Relationship Management (CRM) applications with third-party billing systems, eliminating the need to develop customized integration solutions.

With KPN` Telecommunications Billing Integrator, CSPs can leverage open standards to improve their customer relationships and reduce the time and cost associated with integrating their CRM system and third party billing systems."

### **Key advantages**

- ✓ Bill more quickly and accurately when an order is placed by communicating relevant account, order and product information to the billing system in the form of a communications industry-specific XML message.
- ✓ Track all messages published to the billing system and update customer records accordingly
- ✓ Maintain accurate data by synchronizing the product catalog with the billing system.
- ✓ View bill summary information and bill images, as well as search customer records by account, order or product/item number - allowing customer service representatives to call up relevant data when responding to customer inquiries.

**Job Responsibilities:**

- Requirement Analysis: Understanding the requirements and communicating with Product Owner team for better understanding of the requirements.
- Writing effective and optimized Test Cases in JIRA using **Black Box Testing techniques**.
- Identified End to End Test Scenarios, Test Cases and Test Data.
- **Execution of test cases** from Test Lab in JIRA tool.
- Performed **Sanity Testing** and after sanity testing following up all the testing to test and fix the related defects.
- Performing **Functional Testing, Retesting**.
- Extracting all the defects from JIRA and identifying the open, retested, fixed and new defects.
- Responsible for testing deliverables, prioritizes and monitors activities to meet such dates for individual assigned features.
- Identification of defects, registering them in JIRA and reporting them to the onsite lead.
- **Validation of Expected output v/s Actual output** in respective database tables Using **SQL**.
- Active participation in weekly/daily status calls with the client.

**Other Achievements:**

- Received an excellent feedback from client during the Functional testing in project for CRM – Billing and payment system integration quality deliverables in Environment QA project.

**Qualifications:**

- B.Sc. ( Math )
- University: Swami Ramanand Tirth Marathawada University Nanded.
- College Name: N.W. College Balapur.
- Percentage : 70 %

**Certification**

- I had done Certified Web Application Testing Program of “**RS & GIS Application**” In “**Atmospheric and Oceanic Hazards**” of “**IIRS**” ( **ISRO** ) Department of “**Deharadun**”

**Personal Information**

- **Name** : **Pavan Suresh Darvekar**
- **Marital Status** : Single
- **Phone** : **8788987209**
- **Date of Birth** : **28/06/1994**
- **Languages Known:** English, Hindi ,Marathi
- **Current Address** : Hanuman Nagar, Prunt of SRPF Camp Gate – 1 , Nanded Road ,  
ST-colony,Hingoli-431513.

I hereby declare that the above written particulars are true to the best of my knowledge and belief.

Thanks & Regards
