# Prateek Srivastava

A detail-oriented and hardworking recent graduate with exceptional programming skills, currently pursuing a Master's degree in Computer Applications with a specialization in AI/ML at Chandigarh University. Proficient in various programming languages and web development, I excel at leading teams and possess a remarkable ability to execute plans with precision.

## Experience

### WEB DESIGNER, BACE SOLUTIONS

Jul 2021 - Aug 2021
- I designed a variety of web pages and custom graphics.
- I have learned to use a variety of design tools, including CorelDRAW, Photoshop, Illustrator, and Figma.
- I assisted in creating prototypes and mockups to effectively communicate design concepts to clients and stakeholders.
- Improved the overall aesthetics of the site by utilizing high-quality graphics, carefully selected typography, cohesive color schemes, and effective layout principles.

## Projects

### Readers Hub

It is essentially a website for writing and uploads, where users can read self-written poetry, novels, and stories. There is also a section for uploads, allowing users to submit their own poetry, novels, and stories.
https://readershubb.000webhostapp.com/signup.php

### Tricky Tip

Tricky Tip is an option-based game centered around the C++ programming language. In this game, the user is presented with two options: whether they want to play or sharpen their mind. (Private on GitHub)
https://github.com/prateekSri1110/Tricky-Tip

### Portfolio (Delivered)

One of my client's portfolio websites. Languages used: HTML, CSS, Bootstrap & JavaScript.
https://0007sandy.github.io/PORTFOLIO/

### TeaHub

TeaHub is a website which is build with the Tailwind.css tools and there is no backend or connection with database. TeaHub
https://prateeksri1110.github.io/Teahub/

### PathMaker - CourseCareerCompass

This is React Js web application and the purpose is to list the colleges according to the user.
It uses Node Js as backend language to communicate with the database and uses React Js with Bootstrap for frontend designing.

## Educational Background

### Master of Computer Appication (MCA)

Chandigarh University
Aug 2023 - Jun 2025
- Specialization in Artificial Intelligence and Machine Learning.

### Bachelor of Computer Application (BCA)

Chandigarh University
Aug 2020 - Jun 2023
