**OBJECTIVE:** As a passionate software programming student with expertise in HTML, CSS, JavaScript, React, and MongoDB, I am eager to apply my technical skills and problem-solving abilities in a software development role. Focused on creating efficient applications and collaborating with teams, I am committed to continuous learning and contributing to innovative projects.

## EDUCATION:

<b>Certification in Web Development, NavGurukul, Jashpur Campus</b>	<b>(Pursuing)</b>
<b>12th Grade</b> , Swami Atmanand Government Excellence English Medium School	<b>2023</b>
<b>10th Grade</b> , St. Paul's English Medium School, Baghima	<b>2021</b>

## PROJECTS:

**Weather App** | [Link](#) | **2024**

- Description:** Developed a dynamic weather app using HTML, CSS, JavaScript, and the Fetch API for real-time weather data.
- Contribution:** Designed the UI, integrated weather data, and ensured responsiveness.
- Technology:** HTML, CSS, JavaScript, Fetch API.
- Results:** Delivered a responsive app providing real-time weather updates.

**Mood Tracker App** | [Link](#) | **2024**

- Description:** Built an interactive mood tracker app using React for tracking daily emotions. It allows users to log and visualize their moods over time.
- Contribution:** Developed app functionality using React components and state management. Implemented event handling to capture and display mood data.
- Technology:** React, JavaScript, CSS.
- Results:** Delivered a user-friendly app that tracks mood trends. Enabled real-time updates for better tracking and analysis.

**Snake Game** | [Link](#) | **2024**

- Description:** Developed a classic Snake Game using HTML, CSS, and JavaScript, featuring smooth animations and responsive controls.
- Contribution:** Implemented game mechanics, including movement, collision detection, and score tracking. Designed the user interface.
- Technology:** HTML, CSS, JavaScript.
- Results:** Created a fully functional arcade game with real-time scoring and engaging gameplay.

## EXPERIENCE:

**NavGurukul  
English Coordinator**

- Coordinated English-related activities (Karaoke, Book Presentations), enhancing students' engagement.
- Mentored 45 students, helping them improve their English proficiency through personalized guidance and practice.

**Training & Placement (T&P) Coordinator**

- Assisted students with resume building, interview preparation, and job search strategies to boost career prospects.
- Supported 76 students in the employment process, providing valuable job-related guidance, resources, and interview tips.

**Class Monitor, St. Paul's English Medium School, Baghima**

- Maintained classroom discipline, ensuring adherence to rules and fostering a positive, productive learning environment.

## TECHNICAL SKILLS:

- Operating Systems:** Experienced in **Ubuntu** and **Windows** for software development and troubleshooting.
- Languages:** Proficient in **JavaScript (including ES6)**, **HTML**, and **CSS** for creating interactive and responsive web applications.
- Database and Client/Server Technologies:** Knowledge of **MySQL** and **MongoDB** for database design, management, and integration.
- Software Tools:** Skilled in **Git**, **GitHub** for version control, **VS Code** for code development, and **Google Sheets** for data organization and reporting.
- Web Applications:** Expertise in **React** for building dynamic, component-based user interfaces.

## SOFT SKILLS:

- Strong **communication** and **teamwork** skills.
- Adaptable** and committed to **continuous learning**.

## CERTIFICATIONS:

- English Coordinator Certificate** [Link](#) – Recognized for coordinating English activities and mentoring students.
- Training & Placement Certificate** [Link](#) – Awarded for assisting with resume building, interview prep, and job search.
- Received Tribal Seminar Certificate** from Roorkee [Link](#) - Recognized for active participation and completion of the seminar focused on tribal development.

## LANGUAGES:

- English & Hindi
