## INTERNSHIP

**CSedge**

*Software Developer Intern*

**April 2024 – June 2024**

*Virtual*

- As a Web Development Intern, I worked closely with a team of web developers and designers to build, maintain, and optimize websites and web applications. I assist in various tasks that help enhance the user experience and functionality of web projects. **Website Development. Testing and Debugging. Web Optimization. Code Maintenance. Learning and Skill Development. User Interface (UI) and User Experience (UX) Design .**

## PROJECTS

**Social Media Dashboard | *HTML,CSS,Java Script,React Js,Node Js,MongoDB***

**August 2024**

- Social Media Dashboard helps manage multiple social media accounts in one place. It allows users to schedule posts, track engagement, and analyze performance metrics
- Designed and developed an intuitive, responsive interface for a Social Media Dashboard to simplify the management of multiple accounts, enabling seamless navigation and significantly enhancing the overall user experience.
- <https://github.com/aman/social-media-dashboard>.

**Interactive 3D Website Front-End | *HTML,CSS,Java Script,Canvas***

**October 2024**

- Created dynamic 3D animations and user interactions, providing an engaging and immersive user experience.
- Optimized the rendering process to ensure smooth performance across devices.
- Designed a responsive layout, making the website accessible and visually appealing on various screen sizes.
