EDUCATION

SHARDA UNIVERSITY

B.TECH IN SOFTWARE ENGINEERING
Grad. July 2023 | CGPA: 6.35

JAI ACADEMY

CLASS- XIIth (PCM)
Grad. March 2019 | Cum. Per: 75%

JAI ACADEMY

CLASS- Xth
Grad. March 2017 | Cum. Per: 74.1%

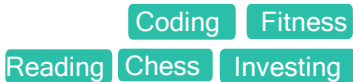

PROGRAMMING/SKILLS

LANGUAGES

English || Hindi

INTERESTS

DEVELOPMENT TOOLS

- Microsoft Visual Studio Code
- IntelliJ IDEA
- Postman
- Mongo Atlas
- Git
- Jira(by Atlassian)
- Appium, Selenium

EXTRACURRICULAR

- Consistent Performance in Academics & achieved **UP Scholarship**
- Completion of LifeSkills and Communication Skill by **BARCLAYS**

OBJECTIVES

I am a Computer Science Undergraduate from Sharda University and a technology enthusiast too. I have work on projects based on **Java, JavaScript, NodeJS, HTML, CSS, MongoDB**. I am very much passionate about Digital and New-Age Technologies.

PROJECTS

Cricket Fantasy League Application using Java

-This project mainly focuses on betting between cricket teams in tournaments and team earning the most winning points. In this application, **Model View Controller(MVC)** Architecture using **Java, HTML & CSS** and database.

Restful Web APIs in MVC Architecture & CRUD Operations

- This project involves CRUD operations in NodeJS, tested with Postman and utilizing **MongoDB** for the database. **JWT Authentication** and Bcrypt.JS encryption validate endpoints. Testing done using **Jest**.

Personal Portfolio Website using HTML, CSS & JavaScript

-My personal portfolio website showcasing my skills and experience.

Here is the link of my portfolio website:-

EXPERIENCE

CREDEX TECHNOLOGY(JAN2023 - JUN2023)

(Software Developer Intern)

- Built **REST APIs** in Node.js and performs API HTTPs Requests using Postman and performs testing using Jest.
- Built client-side Single Page Application(SPA) using AngularJS, MongoDB, NodeJS etc.
- Perform and lead the team of 3+ people for maintaining and developing project on Java & JavaScript.

LAMBDATEST (OCT2023 - JAN2024)

(Intern)

- Perform automation testing using Selenium and Appium frameworks.
- Manage **JIRA** tool by Atlassian
- Performs Cross-Browser Testing in Web and Mobile Automation.
- Experience in Testing Frameworks like TestNG, Junit and other frameworks.

ACHIEVEMENTS

- Accenture Innovation Challenge 2023
- Completed Java Programming Course from **Oracle Academy**
- Completed 4 weeks Summer Training Program from **REALCODERZ** in Java associated with Sharda University
- Cleared **HackerRank** Assessment of Angular(Basics).
