• CBSE Board (Class X), CGPA: 7.2	

## Skills

HTML | CSS | Tailwind CSS | Javascript | React js | Redux | Node js | Express | MongoDB | Git | C++ | Adobe Photoshop  
| Next js

## Work Experience

### Personal Projects |

- Independently developed various web projects, showcasing proficiency in **Frontend** and **Backend**
- Designed and implemented a personal portfolio website, available at [ [MyPortfolio](#) ]

## Projects

### Project 1

Developed a **full-stack blog application with React, Express, and MongoDB**. Enables user authentication, allowing logged-in users to create, update, and delete their blogs.

- Merges React, Express, and MongoDB for a cohesive full-stack application, ensuring an immersive user experience.
- Ensures data privacy by allowing only authenticated users to create and manage blogs, enhancing engagement.

### Project 2

**YouTube clone built with React, Tailwind CSS, and Rapid API**. Mimics key functionalities, providing a familiar video-watching experience

- Utilizes Rapid API for seamless access to YouTube data, enabling real-time video content updates.
- Features a responsive layout crafted with React and Tailwind, ensuring optimal user experience across devices.

## Academic Achievements

### Certification

- Completed "**HTML and CSS Fundamentals**" certification from [Great Learning]
- Successfully completed Meta Certified Programming With **JavaScript** on [Coursera]
- Successfully completed web Development Bootcamp [**MERN Stack**] course on [CodeHelp]
